Warns Soviets Creating Crisis

De Gaulle Declares West Won't Alter Berlin Stand

PARIS (AP)—President Charles de Gaulle said Wednesday the West will never let the Soviet Union settle the fate of Berlin alone "as if the three great powers had no rights there."

The French leader in a television speech warned the Soviets they are creating a crisis over the former German capital that threatens the peace of the world. De Gaulle charged the Soviets with calling for peace "while formulating requirements which threaten to put it in danger."

"The Soviets are renewing their threat of unilaterally settling the fate of Berlin . . . if Washington, London and Paris do not give up the present status of the town as required by Moscow," he said, then warned: "I declare once more, there is no chance of this being accepted."

He further warned the Soviet Union it must bear the full responsibility for any "grave consequences" of a crisis over Berlin. At the same time he called

for an atmosphere of true cooperation and coexistence in which "a problem like that of Germany would lose much of its bitterness and might, at some moment, be considered objectively by the interested powers."

De Gaulle told his own people that France must speedily purchase modern arms to replace the World War II weapons that most of her forces have. Starting in September, he said, the length of French draftees' military service will be cut by an unspecified number of weeks, and funds thus saved will be used to modernize the army.

Moscow radio said De Gaulle's remarks on Berlin "only repeated U.S. and West German propaganda, crudely distorting the Soviet position." The broadcast said the French leader proposed "to prolong the occupation there, keeping West Berlin as a central provocation in the heart of Europe."

In Moscow, meanwhile, the West German government told the

Soviets free elections throughout divided Germany must precede the signing of any German peace treaty.

The West German note replied to a Soviet note proposing that separate peace treaties be signed with West Germany and Communist East Germany. Bonn replied that a peace treaty must be concluded with a legitimate German government freely elected by all the German people.

West Berlin continued calm as storm clouds gathered overhead. But the flight of refugees streamed into the "escape hatch" from Communist East Germany at a rate of more than 1,000 a day—the highest in eight years.

Chancellor Konrad Adenauer, visiting West Berlin to demonstrate the close links between the isolated city and West Germany, conferred with Mayor Willy Brandt and other city government officials.

Newburgh, N.Y., In Spotlight

Many Sections Of Nation Move To Curb Relief Load

By The Associated Press
Moves to lighten the relief load are under way in many sections of the nation.

They vary in form—putting the able-bodied to work for their dole, cracking down on chiselers, or training unskilled men and women so they can help themselves.

Newburgh, N.Y., has brought the subject of public aid to national attention. The city plans to override state objections and put new rules into effect Saturday. The rules would, among other things: Make the mother of illegitimate children ineligible for further aid if she has any more children out of wedlock.

Limit welfare recipients, except for the aged, blind and disabled, to three months of assistance in any one year.

Newburgh officials estimated about 5 per cent of the city's 31,000 population is on relief. They contended taxpayers no longer can afford the mounting costs.

And City Manager Joseph Mitchell asserted: "There is a crying need for a reappraisal of the role of welfare in our society."

It's a big subject. The unemployed now number 5.6 million. Individuals on general relief rolls total about 1.5 million. Automation is causing concern about the future.

An Associated Press survey today showed that work-for-hour-relief programs are becoming widespread but they are far from general in scope. One theory behind them is that a man who has to work for a relief check will look for a better job.

A work policy has been in effect since 1958 in Phillipsburg, N.J. Mayor Arthur W. Paini said every able-bodied man applying for relief is put to work in parks or on roads for \$1.50 an hour. He figured the plan has cut welfare costs from about \$50,000 a year to around \$20,000 last year.

"If this system were employed all over, it would save billions of taxpayers' dollars," he said.

How do relievers react? A woman recipient went on duty in a library as part of a work relief program set up this year by the Washington State Legislature. She liked it well enough to work longer than necessary to earn her monthly benefits.

The Washington Department of Public Assistance mentioned that case to pinpoint what it called a good response to the program.

The Washington state legislators trimmed \$14.5 million from the sum requested by the department for the 1961-63 period. That led, in turn, to a 10 per cent cut in payments to those who receive general and disability assistance and aid to dependent children. The reduction affects almost 60,000 persons.

At Hearing In Wheeling

Harris Declares Imports Will Kill Industry Shortly

There will be no dinnerware plants in the United States within five years if imports are not restricted, William A. Harris, president of the Edwin M. Knowles China Co., said Wednesday in testimony before a Congressional subcommittee investigating the impact of foreign goods on the ceramics, glassware and toy industries.

He was one of seven who appeared before the committee yesterday at the City-County Building in Wheeling. Earlier, official spokesmen for the U. S. Pottery Association and the International Brotherhood of Operative Potters put up strong arguments for restrictions on imports.

Everson Hall, chairman of the foreign trade committee, represented the USDA, and C. Frank Dales, sixth vice president, appeared on behalf of the IBOP.

"The American government owes our industry a fair break by restricting the volume of dinnerware imported by establishing quotas," Harris declared.

The reduction of employees is not due to a great deal of automation but because of the flood of imported dinnerware, Harris said, adding:

"We have an obligation to families who have invested many years of their lives with our company and invested their savings in homes in the community," he said.

The pottery executive pointed out to the subcommittee that during World War II the head of the War Manpower Commission called the dinnerware industry "vitally essential to civilian needs."

The commission head said at the time that unless something was done to restrict imports there wouldn't be enough plants to fulfill the country's needs in event of another war or similar trouble, Harris related.

Also testifying with Harris in regard to the effect of imports on

their own plants were J. M. Wells, board chairman of the Homer Laughlin China Co.; J. T. Hall, president and general manager of the Hall China Co., and David Boyce, president of the Harker Pottery Co.

The pottery officials also pointed out to the subcommittee the plants did not come into existence because of the war emergency, but have been operating for many years.

Route 7 Mishap Hurts Cumberland Man, 53

James Pearcey, 53, of New Cumberland R. D. 1 was injured this morning in a truck-auto collision on Route 7 south of Rogers.

Pearcey suffered multiple abrasions and contusions of the right leg and possible rib injuries and was being treated at City Hospital late this morning.

Hospital authorities said a truck jack-knifed at the intersection with the Elkton Rd. and hit the left side of an auto. It was not indicated whether Pearcey was driver of the truck or car.

The Ohio Highway Patrol at Lisbon was investigating, but had no details.

259 Died On Ship

LISBON, Portugal (AP) — The Naval command at Lourenco Marques, Mozambique, announced today that 259 persons perished in the explosion and burning of the Portuguese ship, Save, near Qualimane, Mozambique, Saturday. There were 290 survivors. The 2,037-ton coaster was driven ashore by a storm, then torn by explosions in her cargo of dynamite, and finally

burned.

Squire Holds Man, 69, For Slaying Case

A murder charge was filed Wednesday afternoon against Stephen Michael Davis, 69, of New Galilee, accused of the Tuesday night shotgun slaying of his daughter, Mrs. Louise M. Dorsch, 36.

Davis pleaded innocent when arraigned before Justice of the Peace Walter Gratz in Chippewa Township and was held for a hearing.

Pennsylvania State Police charged that Davis fired a shotgun blast that struck his daughter in the abdomen, climax of a quarrel Tuesday night. She was pronounced dead at Providence Hospital in Beaver Falls.

The father and the woman and her husband occupied adjoining houses in the little community.

Mrs. James Yonker, a neighbor, told State Trooper Donald Mahoney and Beaver County Detective Russell Meskow she saw Davis hurrying from his home with a shotgun about 7 Wednesday night. He went into his daughter's home, she related.

"I heard loud voices and then a blast," she told authorities.

Harry Dorsch, husband of the dead woman, was working nearby. He saw his wife lying wounded and struck Davis on the head with a concrete block.

Davis returned at his home, wiped the blood from his head and surrendered at a nearby firehouse, authorities said. He insisted he had not shot his daughter, officers reported.

Services for Mrs. Dorsch will be held Friday at 2 p. m. at the Cannon Funeral Home in Midland.

The Rev. James N. Servey, pastor of the Ohio View Lutheran Church, will officiate. Burial will be in Little Beaver Cemetery in Big Beaver Township.

Friends may call tonight at the funeral home.

Two Others Wounded In Gun Battle

Quick-Draw Killer Also Believed Shot In Bullet Exchange

KREMMLING, Colo. (AP) — A hundred officers, some with submachineguns, stalked through the rugged northwestern Colorado mountains searching today for a fast-draw gunman accused of killing two officers and wounding two others.

State Patrol Lt. Hiram Short, 49, of Craig, Colo., and Under-sheriff John Clark, 68, of Eagle County, died Wednesday night from bullets fired by the tousel-haired desperado.

Sheriff Chancy Van Pelt, 54, of Grand County, and Robert Hoover of Grand Junction, a State Game and Fish Department education officer, were hospitalized at Denver with serious bullet wounds.

The slayer, described as in his early 20s, was driving a car purchased July 3 at Sioux City, Iowa, by a man giving the name of Delmar Dean Spooner of Storm Lake, Iowa. Officers said Spooner left Storm Lake July 6.

Officers said they believed they trapped the gunman in a ravine near State Bridge, Colo., about 15 miles southwest of Kremmling near Piney Creek. The area, popular with fishermen, is about 130 miles northwest of Denver.

The gunman abandoned his car after a gun fight in which Clark was wounded in the jaw.

Some officers said the desperado may have been wounded before fleeing on foot into the mountain fastness.

Officers pieced together this sequence of events:

Hoover, driving westward on U.S. Highway 40, stopped to assist a motorist whose car appeared to be stalled. Hoover became suspicious after the driver failed to produce adequate identification and radioed for the sheriff and the state patrolman.

The three questioned the motorist for a few minutes and decided to take him to Kremmling for further examination. They started walking to Van Pelt's car when the motorist drew a pistol and fired rapidly at Short and Van Pelt.

After wounding them, the gunman fired on Hoover, who had rolled into a roadside pit in an effort to escape the shooting.

The gunman raced away in his

Firemen Plan Newell's Fete

Fair At Clark Field To Begin Saturday

The Newell volunteer fire department said today everything is in readiness for the opening of its annual benefit carnival Saturday night at Clark Field.

Highlighted by two parades, the celebration will continue through July 22. The Roma Amusement Co. of Wheeling will provide rides.

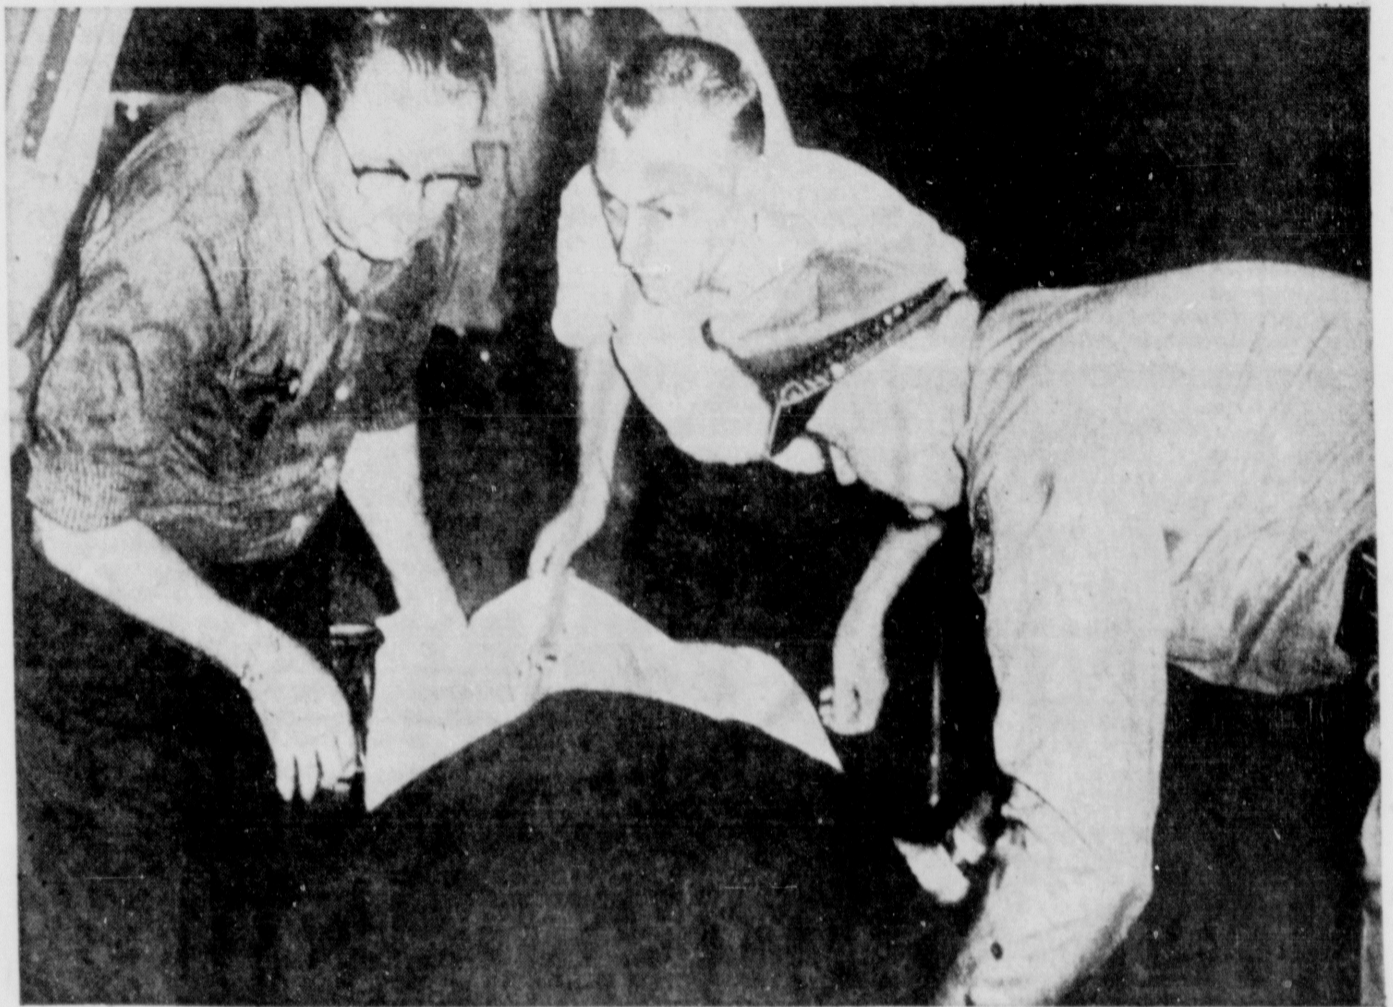

A "kiddie parade" is scheduled Monday at 6 p. m. Led by the Wells High School junior band, it will form on 4th St. between Grant St. and Washington St. Treats will be given all children who participate.

First and second prizes will be offered youngsters for the best-decorated bicycles, costumes, pets and comic groups. Judging at Clark Field will be in charge of Mrs. Mae Hupp, Mrs. Edith Johnson and Mrs. Louis Staley.

The annual firemen's parade will be held Friday night, July 21, with a long list of musical and marching units and fire equipment expected to participate. The department said details will be announced later. Harold Bailey and Chief Charles Lee are carnival co-chairmen.

Colorado Lawmen Stalk Slayer Of Two Officers

SHERIFF WOUNDED. Grant County (Colo.) Sheriff Chancy Van Pelt is unloaded from an ambulance at Denver's St. Luke's Hospital after the 120-mile trip from Kremmling, Colo., where he and three other officers were shot by an unidentified motorist Wednesday. Two officers died of wounds. (UPI Telephoto)

Fire Fighters Hope To Stop Brush Blazes

2 Killed, 2 Towns Destroyed; Arson Cited In 2 Cases

YOSEMITE NATIONAL PARK, Calif. (AP)—Fire fighters today hoped to contain two of California's largest brushland fires of the season, barring more hot winds that have aggravated one of the state's worst droughts in history.

The fire advance slowed five miles from the Bass Lake resort, just off State Highway 41, the year-round route into Yosemite.

Crews were slowly drawing lines around blackened 63,000 acres of brushland that flank this famed Sierra vacation spot.

Towns threatened by flames were apparently out of danger.

The largest fire, which centered about 15 miles south of the park, has burned 38,000 acres, consumed two mountain villages and trapped and killed a couple fleeing in their car.

Georgetown's Due For New Postal Center

A contract for construction of a new Post Office at Georgetown has been awarded to Mr. and Mrs. John E. Mackall of Georgetown, Postmaster General J. Edward Day announced today at Washington.

The couple will build the structure and rent it to the Post Office Department.

Mrs. Phyllis Mackall, one of the couple given the contract, is the postmaster. The office now is located in half of a double house on Market St.

The new office will be located on the old Poe property on Market St., about a block from the present office. It will be rented to the department for five years, with renewal options running up to 10 years, at an annual rental of \$1,000 for the basic term.

The department's capital investment is limited substantially to postal equipment, while the building remains under private ownership, with the owner paying local real estate taxes.

The new Post Office will have an interior space of 800 square feet and paved areas for parking and movement of postal vehicles. The site of the new building contained a Post Office about 65 years ago.

On New Talks With Soviet

Top Disarm Aide, President Confer

WASHINGTON (AP)—President Kennedy's top disarmament adviser goes to the White House today for final instructions on a new round of talks with the Soviet Union about setting up a broad-scale disarmament conference later this summer.

John J. McCloy, who is due in the Soviet capital for talks opening next Monday, was scheduled to meet with Kennedy at noon. Secretary of State Dean Rusk and McGeorge Bundy, special assistant to the President for security affairs, were to take part in the meeting.

U.S. officials say they are determined to make every possible effort to come to some agreement with Soviet leaders on new disarmament negotiations, but they face the future with dwindling hope of success.

Opinion is divided on the question, but many authorities in high position here see little prospect of progress in disarmament talks at

this time. The reason: the tough aggressive attitude which Soviet Premier Khrushchev recently has been developing toward the United States and its allies, primarily over the Berlin issue.

The announcement by Khrushchev last weekend that he had ordered a halt in previously scheduled cutbacks in the strength of the Soviet armed forces has been taken here as typical of the tough, tension-creating policy which he now pursues.

Efforts by the United States and Britain to come to some understanding with the Soviet Union on a treaty for prohibiting nuclear weapons tests under an international inspection system have bogged down completely.

The nuclear test conference at Geneva is still technically under way but for weeks has made no progress whatever. U.S. and British negotiators have found what they consider evidence that the Soviets have lost interest in getting a nuclear weapons test ban.

One Escapes Death In Barn

8 Tobacco Farm Hands Are Killed By Lightning

CLINTON, N.C. (AP) — The farm workers were in the field harvesting tobacco when a typical summer shower started.

The workers, all nine of them, sought refuge in a nearby barn, as they had done before, leaving the cut leaf under a shelter, planning to return to their tasks after the shower ended.

For eight of them, there was no return.

A bolt of lightning smashed down the barn door, seared across the damp ground and cut them down in an instant, leaving no mark on their bodies.

Several other people in the barn were unhurt.

Among the victims was the sharecropper couple operating the simple farmstead, Oscar and Annette Cottle. Another was a 70-year-old Negro woman. The rest were teen-agers.

The lone survivor from among the nine was Eugene Daughtry, 16, who was hospitalized for shock. "I guess I was mighty

lucky," said the strapping Negro youth.

"I had my head against one curer," he went on, "and I saw the lightning when it came in. Something seemed to hit the back of my head. Then I heard the thunder, and that's all I remember."

The door was knocked off its hinges by the lightning bolt, but the barn was otherwise hardly damaged.

Army Plans To Draft 3,000 Men In August

WASHINGTON (AP) — The Army plans to draft 8,000 men next month to help bring it up to an authorized strength of 870,000.

The August draft call, announced Wednesday by the Defense Department, is the highest since last December, when it also was 8,000. Army manpower at the beginning of June was about 856,000.

Legislators Finish Heavy Work Today

Return July 31 To Clean Up Odds And Ends Of Session

COLUMBUS, Ohio (AP) — The deskbound 104th General Assembly goes home today. It has been sitting 28 weeks.

With the exception of presiding officers, who must come back next Wednesday to sign bills, the lawmakers won't return until July 31.

That end-of-the-month session is scheduled for possible action on vetoes by Gov. Michael V. DiSalle, plus any other matters that needs cleaning up.

If the Republican majority thinks it can muster the Democratic help it needs to override a veto, an attempt might be made at that time to trample Gov. Michael V. DiSalle's veto of all second-year appropriations for operating the state government.

Indications are the Senate may delay considering the "A & B"—additions and betterments—bill until then. It calls for \$54.2 million for state construction projects (including \$11 million for a new state office building) and was passed by the House this week.

An omnibus court bill, and possibly a House-approved bill to increase employers' assessments for the state unemployment compensation funds from 2.7 to 4 per cent of payroll, were among measures thought likely to get Senate attention today.

Another good possibility for action in the Senate was the plan to create a district for Ohio's new 24th congressman from Preble, Butler, Warren and Clermont counties.

Members of the House primarily are waiting for the Senate to

114 Dead, 13 Missing As Korea Dam Breaks

SEOUL (AP) — The South Korean Red Cross said Wednesday 114 persons were killed and 13 are missing when a dam burst at the small community of Namwon, 150 miles south of Seoul.

A Red Cross spokesman said the death toll could go higher. He reported 220 houses were washed away and 203 destroyed in the disaster caused by several days of torrential rains.

The Red Cross said it was rushing food and clothing to the stricken community of 20,000.

Two villages besides Namwon were reported flooded when waters from the Ieback Myun reservoir burst through an irrigation dam.

OGILVIE'S

For Ohio Township

'Stopgap' Water Service Pledged

The Midland Municipal Authority agreed Wednesday night to instruct its solicitor to draw up a resolution and agreement to supply the Ohio Township Authority with water during emergencies.

Daniel Baker, chairman of the township authority, explained that a source of water in case of an emergency is needed in order for a bonding company to sell bonds for the township to build its water system.

Dr. Zavel Sigal, Midland authority president, said a special meeting on progress of the negotiations will be held in the next week or so.

negotiations could have been completed the next day.

—

BAKER SAID there has been no ill feeling on the part of the authorities and that those who criticized were unacquainted with the situation. He said the water project was first thought to be too expensive, but now seems possible.

Besides Baker, other township authority members attending were Dr. V. S. Watson, John Rolya, Wilbert Basinger, secretary, and George Daniels Jr.

Instead of holding a regular meeting next week, the Midland authority met after the special meeting.

Michael Baker Jr., Inc., Rochester consulting engineers, were asked to advertise for bids for repairs to the water department building on Railroad Ave.

—

THE TOWNSHIP now will seek permission of the Midland Heights Housing unit to tap in at a hydrant there. It is the cheapest of two ways to supply the township with water for emergencies. Otherwise, a line would have to be installed to the Midland Heights reservoir, involving a cost of about \$20,000.

The Midland authority will supply a meter and maintain it. The township will supply the meter pit and any necessary line. The township will pay the annual fee of \$252 since a six-inch meter will be needed, and also will pay standard rates of 33 to 35 cents per 1,000 gallons.

—

A LIMIT on the amount of water available was set at 200,000 gallons a day and may be increased in later negotiations. Granville Kester, Michael Baker Co. consulting engineer for the Midland authority, said the heights reservoir can supply a maximum of 400,000 gallons a day, of which 100,000 are now used.

Baker said the need for water for emergencies now is a step in the first stage of the township's water system plans. He said that in a second stage, a long time in the future, additional water would be needed, and negotiations might be held then. In case of a great demand, additional tanks and pumps would be needed.

—

BAKER SAID there are three wells in the Meadowbrook area of which two are being used, and the third is a standby. He said the township hopes to tie in the Meadowbrook lines with those in the Heights area and supply homes in both areas.

He said there are fire hydrants in the Meadowbrook area and plans call for additional ones along Route 168 and in the Heights area.

Dr. Sigal said he wished to clarify any criticism that Midland had refused to supply the township with water. He said the Midland authority agreed in January last year that water was available and

District Plant Sets Addition

An expansion program costing "several million" dollars for its aluminum rolling mill at Omal, below Wheeling, was announced by Olin Mathieson Chemical Corp. Wednesday in New York City.

Expansion of the two-year-old plant is being made to keep up with the growing and changing demands of aluminum sheet and plate customers, the firm said.

New facilities planned include a 66-inch-wide cold-rolling mill for producing bright-finished sheet, an addition to the hot-strip rolling mill, more ingot heating facilities, new automatic flying shears for cutting plate to length and auxiliary plate sawing, flattening and inspection equipment.

The new equipment will greatly increase capacity to produce bright aluminum sheet for automotive trim, truck trailer bodies, architectural and decorative products and home appliances.

Plate-rolling capacity for shipbuilding, military vehicles, chemical and food processing and materials handling also will be raised.

NYC Official Cites Decline In Freight Volume

WASHINGTON (AP) — A New York Central vice president says the railroad's freight volume in the past three years has been below the level of the depression years of 1930-31.

And the official, Arthur E. Baylis, told the Interstate Commerce Commission Wednesday that if the Chesapeake & Ohio Railroad takes control of the Baltimore and Ohio, along with the proposed merger of the Norfolk & Western, Nickel Plate and Wabash Railroads, it could take away more than half of Central's remaining freight business.

Baylis said loss of this much freight business "would destroy even a system as large as the New York Central."

Central opposes the C&O petition to control the B&O, asking instead that either it be given permission to merge with the B&O or that all three railroads form a combination.

To Open Freeway

WILLOUGHBY, Ohio (AP)—The first section of the \$70 million Lakeland Freeway in Lake County will be opened to traffic Monday along a four-mile stretch between Willoughby and Mentor. Interchanges will be opened along the route at Ohio 306 in Mentor Twp., Ohio 615 in Mentor Village and at Los Nation Road in Willoughby.

Cited In Traffic Death

CINCINNATI (AP) — Wesley Gossett, 60, Cincinnati, has been charged with failure to yield the right of way in connection with the traffic death of Mrs. Nellie Mae Edwards, 58.

W. C. Jones is chairman. They said all organizations of the community have been invited to participate in the various displays and events.

Special entertainment will be provided nightly.

Burns Are Fatal

CLEVELAND (AP)—Mrs. Fannie Hirsch, 74, Cleveland died today of burns suffered when a gas oven she was lighting at her home exploded.

Food, Drug Unit Says Sauce May Cause Poisoning

WASHINGTON (AP) — The Food and Drug Administration has warned that Hayden's hollandaise sauce could cause food poisoning.

The FDA Wednesday advised consumers to destroy any of the sauce they might have on hand and said dealers should stop selling the product. Shipments are being seized at several points across the country.

The FDA said 25 cases of food poisoning have been reported by the Los Angeles City Health Department and that the product in California has been quarantined.

FDA Commissioner George P. Larrick said the manufacturer has been asked to recall the product—a cream sauce used mostly on vegetables—from the market.

The maker of the sauce is Hayden's Hollandaise, Inc., of College Point, N.Y. In New York, Joseph Buch, the firm's attorney, said it had been in business for some 30 years and that there was "never any incident like this." He said the company had received no report of the FDA analysis.

Ohio Man Elected

We Just Can't Buy The Idea

Once more, extreme pressure is being put on Congress to give the foreign-aid bloc what it wants — a giant bite of U.S. wealth to underwrite a higher standard of living in countries tempted to play footsie with the Communists.

Once more the foreign-aid bloc, composed of international-minded bankers, businessmen and their political spokesmen, with a substantial following of U.S. citizens who think foreign aid is a form of Christian sharing, is trying to make it appear that opposition to foreign aid is wrong-headed.

The outcome of the fight this year will be the same as it has other years, we believe. Pressure for foreign aid will prevail. Congress will cave in because most of its members are afraid to take the risk of ditching an idea they never had the courage to reject or the naivete to accept.

It is like saying that children would have sickened and died without the milk that was made available to them, though the fact is other children have survived without milk.

THE IDEA is that foreign aid is indispensable because it is the antitoxin that holds communism at bay.

The trouble is that the opposition, including all of us who are not international-minded bankers, businessmen, politicians or cosmopolitan do-gooders, cannot buy the proposition that the way to hold communism at bay is to attack poverty.

Poverty may have something to do with selling one's soul to a dictator, which is what communism amounts to, and it may have

something to do with selling one's soul to the devil, which is what sin amounts to.

But those of us who have known a little something about poverty and the poor reject the fatuous theory that if all people were living fatter, fuller lives there would be, therefore, less communism.

People are not for sale that cheap.

There have been times when it looked as if foreign aid perfectly suited the mentality of a kind of American more materialist than the Marxists — people who think men live by bread alone.

There have been times when foreign aid seemed to be a flossied-up version of diverting plug-uglies and mischief-makers with payoffs.

There have been times — and they have been the hardest to bear — when foreign aid looked like the neighborhood fat boy being separated from his sack of candy by a gang of toughs from the other side of the tracks.

IN PRACTICE, foreign aid must have been worth the effort. It would be hard to prove that the children would not have sickened and died if they had not been given the milk, because they were in fact given the milk and they lived.

The practice of foreign aid, therefore, is defensible.

The idea still isn't easy to buy.

Men's souls can't be bought that easy. There is no evidence that material hand-outs are the way to stop communism — no evidence that the poor are the seed bed for political dictatorship simply because their poverty is evidence of deficiency in self-reliance.

Something That Isn't Illegal

The welfare commissioner of Newburgh, N.Y., has resigned, as it was certain he would in that city's struggle to regain local control of relief policy. His resignation is a protest against rules soon to go into effect that would make it illegal for Newburgh to receive any further state and federal relief assistance.

Something that wouldn't be illegal, however, if Newburgh could hang on long enough to whittle down its relief burden to manageable size, would be local self-sufficiency. There have been instances before of communities that refused to accept outside relief assistance.

Newburgh has been put on the spot so completely by its position that it does not owe all its chronic relief clients a living that it might turn stubborn and prove what has been proved by Mormons, Mennonites and Amish—that it is possible in a country whose forefathers cherished independence for the sovereign people to cherish their local autonomy.

The rub is that state and federal grants now provide more than half of all the relief money being spent in Newburgh.

amounting to about \$1 million a year. But the exciting possibility is that Newburgh might need only half as much relief money if it could get rid of some of its steady clients who have been taking full advantage of state and federal regulations.

For instance, one reform would limit to two weeks' relief any new clients who showed up in Newburgh without firm offers of jobs. Another would bar relief to mothers with illegitimate children born after being warned by the city that no relief would be forthcoming for another illegitimate child. Another would bar relief to people who refused to perform available work.

Such reforms are shocking to social workers and state and federal welfare agencies—and illegal, to boot, if Newburgh tried to collect state and federal money. But the possibility it might operate on its own, without asking for more state and federal money, is as exciting to outsiders as it is depressing to Newburghers.

And to one and all it is a depressing reminder that the power of policy always follows the power of the purse. Local autonomy is endangered whenever local government accepts outside money.

More Reluctant Than Indifferent

Perhaps the judges of Fayette County, Ohio, are right when they say public indifference is a threat which may kill the right of a trial by jury. But their verdict appears to have been announced without a complete weighing of the evidence.

The judges became alarmed last week when only 19 prospective jurors appeared out of 40 summoned for duty in Washington Court House Municipal Court.

This situation could arise in any American community as easily as it did in Washington Court House, for many Americans are reluctant to serve on juries — not indifferent but reluctant.

A blanket indictment of the people of Washington Court House, Fayette County, Ohio, and the United States is over-severe.

Most Americans recognize that service on a jury is not only a right but a duty; that the jury is the heart of the American judicial system. They respond to a call to jury duty. For every person who begs off jury duty for the flimsiest of excuses, there is one willing to serve who has never been called.

The difficulty our courts face, of course, is to match names in jury wheels with names of individuals who are ready and able to serve.

The Once Over

New Haven Road goes into hands of trustee but it needs magician, rabbits' feet, blood transfusions and phone number of medical examiner. On journey through bankruptcy the railroad will still see through parlor-car picture-windows, long stretches of superhighways on which trucks, trailers and other competing vehicles whiz past with a "hey nonny-nonny and a hot get lost."

The view of favored rivals skinning railroad alive and waving the carcass will continue.

This road has needed miracle men for years. What did it get? Textile tycoons, politicians, Wall Street brokers, lawyers, kibitzers and federal ice.

It was badly run but how could a railroad president keep on his toes when the trucks and other competitors were on his neck?

Big money is in freight business but truckers snatch it away from choo-choo lines under conditions which put Santa Claus on trucks as substitute operators. Like many roads, the New Haven had had to move over and let its competitors pass.

Many questions will be fired in bankruptcy proceedings but top one should be "What type blood?" New Haven has been sick so long, trustees' main job will be to keep it breathing. It can take six months to determine what's wrong and six years to determine what "ain't."

Washington turned down request for \$5,500,000 under national defense act on ground "expansion of capacities was not planned." Ya mean climbing out of a coffin isn't an expansion of capacity?

We hear that at bankruptcy hearing, judge remarked to a lawyer, "You're late." (On the New Haven that's a surprise!!)

ISRAEL AND ARAB states now have weather rockets. But suppose Russia claims Moscow has been buzzed by a weather bureau?

By H. I. Phillips

Adlai Stevenson has given his blessing to American theater troupe bound for South America. We trust there will be no "Tennessee Williams, go home" signs.

Business Advisory Council, made up of foremost business men of U.S., has severed diplomatic relations with government after 40 years. It feels uncomfortable talking when nobody listens.

Cocktail parties in Washington official circles are reported so wild that hosts and hostesses now issue tip sheets on guests: "Don't serve a fourth martini or he will jump into swimming pool. On five he will go into it empty." "Limit to two highballs; he tries skin diving from chandeliers," etc.

Jimmy Hoffa's leadership in union is now so unanimous that "Take me to your leader" can be conveyed by facial expression, if sufficiently docile.

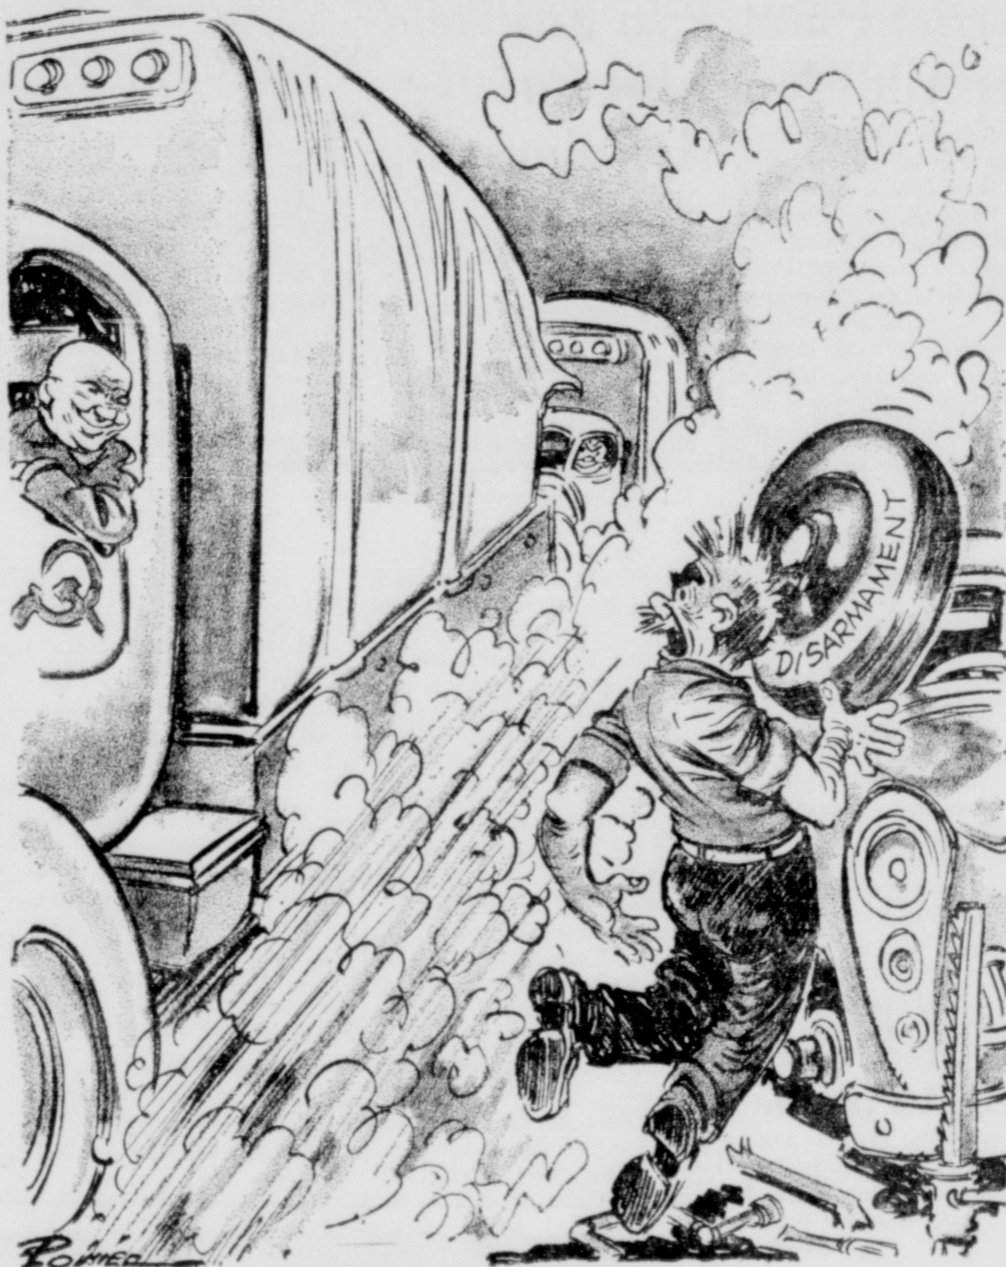

Unemployment figures are up largely because of inability of school and college students to find jobs, says Washington. Trouble may be that the kids are extra fussy, ask too much money and will not take almost any job, even part time, to make a little money. Pop used to mow lawns, clip hedges, paint fence or clean a cellar to get some sort of income, but try offering Junior a tedious task for a few dollars! "He may ask about pension rights while discussing job spraying a rosebed."

The eggs produced by birds that breed on rock ledges are always pointed at one end, which allows the eggs to roll about in circles, rather than roll off the ledge.

The adult population of the United States today has about 80 per cent more high school graduates than it did 20 years ago.

Five of the U.S. presidents were twice married. These were Tyler, Fillmore, Benjamin Harrison, Theodore Roosevelt and Wilson.

Every Time We're About To Put On The Lugs

GOP Studies Unemployment Problem

By Rep. William E. Miller

(While Victor Riesel is en route to the Middle East, and other news centers of the world, some of the nation's top-policy makers are substituting for him. Today's columnist is Rep. William E. Miller, new chairman of the GOP National Committee.)

While the Kennedy administration over-emphasizes welfare-type proposals, Republicans are hard at work studying the basic causes of unemployment in the United States.

At the present time there are three separate Republican projects aimed at finding ways to expand job opportunities for our ever-expanding population.

1. The House Republican Policy Committee, which represents all the Republican members of the House of Representatives, is working on its "Operation Employment." In this project, the policy committee members are drawing on the expert advice and guidance of 26 academicians and professional people from all parts of the nation. Employment and unemployment are being studied from almost every possible angle.

2. The Republican Leadership Group, composed of GOP legislative leaders from both the House and Senate, has approved a penetrating study of "structural unemployment" — jobs eliminated because of automation and other technological advances.

3. The executive committee of the Republican National Committee has ordered a study of the effect foreign trade has on jobs in the United States.

FROM ALL of these studies will come reports recommending the new policies and programs we need to insure that all Americans will have challenging and secure jobs while unemployment is held to the absolute minimum.

The first report will come from the House Republican Policy Committee, probably this month.

The House project was set up by Chairman John Byrnes, R-Wis., as follows: Twenty-six economic categories have been selected for study. To each of these subjects, the committee assigned two Republican members of Congress — working with one of the technical experts in the subject.

To begin with, these teams are preparing "position papers" on the particular subject — papers which probe deeply into one phase of economic activity.

These papers will be made public and discussed in depth by House Republicans. Then the entire committee will write an action program for our economy, considering all of the basic "position papers" and analysis of these papers by Republican legislators.

SOME OF THE TOPICS for these position papers suggest how important this Republican project is: "Unemployment Insurance and Stability of Employment," "Rural Development," "Rehabilitation of Workers and Industrial Retraining," "Community Efforts in Meeting Problems of Unemployment," and "New Direction in Foreign Aid." These are just a few of the topics.

In announcing their study of unemployment, Senator Dirksen, R-Ill., and Representative Halleck, R-Ind., speaking for the Republican Leadership Committee, stressed that unemployment caused by technological advances is the real

job problem of the 1960s. They gave some examples:

In the last 10 years our farmers have produced approximately 28 per cent more food with approximately 28 per cent less manpower.

At the same time our industrial workers also have been producing at increased rates in the face of a growing labor force. This has produced some startling results.

A FEW YEARS AGO there were 2 million railroad employees. Today there are 800,000. A few years ago there were 700,000 employed coal miners; today there are 200,000.

These are extreme examples but the problem is more likely to grow in the industrial field than diminish in the years immediately ahead.

The built-in factors in structural unemployment have been operating for some time and the question is how we handle their increased effect.

Obviously there is a shift occurring at an accelerated rate from blue collar work to white collar work, but the acceleration is not great enough to meet technological improvements.

We believe we can perform a constructive service by conducting this study. The structural unemployment problem is, beyond doubt, going to be with us for many years unless labor and management and government can form a partnership to meet the problem squarely and fairly and intelligently.

The United States must advance technologically, in fact keep ahead of the world but at the same time

it must do so without imposing undue hardship on the working men and women of this country.

MEANWHILE, the Republican National Committee is preparing to launch its study of the relationship between foreign trade and chronic unemployment in this country.

Obviously the United States needs imports to provide essential raw materials and at the same time we need to export. But in fields such as textiles, steel, automobiles, aluminum and other metals — including such specific items as machines — there is growing concern about chronic unemployment resulting from imports and shrinkage of markets abroad. In some categories there is fear that the United States is pricing itself out of the market.

We feel that the study is needed to find ways to increase international trade without imposing undue hardship on U.S. industry and its workers.

We seek a solution, in general, not through repressive measures that will reduce trade but of expansion of markets throughout the world; of achievement of lower costs for U.S. products; of elimination of sweatshop competition of foreign labor paid starvation wages and of protection against slave labor in Red satellite countries, and of increased production everywhere.

In taking the initiative in all these vital matters which affect U.S. jobs, I believe that the Republican party is performing an outstanding public service which will receive the attention of all thoughtful Americans, regardless of party.

Through The Years

THIRTY YEARS AGO — Health Commissioner Dr. Edward W. Mikall, just returned from a six-week medical course at Saranac Lake, N.Y., addressed members of the East Liverpool Kiwanis Club.

Mr. and Mrs. J. C. Hamilton, of Newell spent a six-week vacation in the Shenandoah Valley and the southeastern states.

Alec Mansfield of East Liverpool was elected president of the Cunningham reunion during the first annual meeting at Rock Springs Park.

TWENTY YEARS AGO — Mrs. Emmett J. Gaston of Pennsylvania Ave. concluded a three-week tour of the west and Canadian Rockies.

Mrs. Ruth Brown was named president of the Needle Point Club of Chester.

The 1940 class reunion of Chester High School was held at Firestone Park, Columbiana, with Donald Chaney general chairman.

TEN YEARS AGO — A patent on a kneading device was granted E. H. Ford of East Liverpool by the U.S. Patent Office in Washington and use of the device was assigned to the Patterson Foundry & Machine Co.

Newt Oliver of Upper Sandusky was hired as basketball coach at Wellsville.

R. S. Stanford assumed his duties as president of the Newell Lions Club.

Boojum Tree

The strange boojum tree may be nearing extinction. Then again, it may not.

No one knows very much about the boojum's past, present or future. Most botanists never have seen one, because it thrives only in the hostile central desert of Mexico's Baja California.

Some dendrologists believe the boojum is a dying remnant of a large family. Others think the tree may be the forerunner of a new line.

But everyone who has seen a boojum tree agrees on one thing—there is nothing like it.

One botanist describes the young boojum as "an upside-down carrot improbably provided with slender, spiny and usually leafless branches, which seem to be stuck helter-skelter into a tapering body."

Larger trees lose the small branches and grow thorns in their trunks. The skinny boojums may reach a height of 40 to 50 feet, tapering to a point from a base only a foot or 18 inches in diameter.

Older trees frequently branch in an eccentric manner toward the top, sending out sinuous limbs. Sometimes the top of the tree itself curves downward until the tip touches the ground to form an arch.

The tallest known tree in the world is the **Founders Redwood Tree** in Humboldt State Redwood Park, Calif. This tree is 364 feet high and has a circumference of 47 feet.

A seven-pound cod fish is capable of producing seven million eggs at one time.

Taylor's Status

By David Lawrence

Military Statesman Fills New Role For U.S.

Something experimental and novel has been added to the executive system of the United States—a military statesman in the White House alongside a civilian president.

Throughout military circles, here and abroad, there is widespread curiosity, if not some concern, as to how the new arrangement will work out. Will it eventually mean a single military chief for the United States reporting directly to the president? Will it mean a new supervisor of the whole defense operation, both civilian and military?

These questions have arisen because President Kennedy has selected Gen. Maxwell D. Taylor, formerly chief of staff of the United States Army, to serve in a special post at the White House covering duties which have never before been entrusted to any single military man.

Naturally, in the armed services themselves there is a bit of worry as to what changes will come. Assurances have been given officially by the President that the Joint Chiefs of Staff will still have direct access to him and that the presence of the chairman of the Joint Chiefs at National Security Council meetings will not be in any way of less importance than before.

Yet, from a practical point of view, Gen. Taylor is bound to become the most influential man in the shaping of military as well as international policy. For obviously, while the Department of State can express its views on what ought or ought not to be foreign policy from a diplomatic standpoint, all too often the final decision rests upon what military forces are available to back up a decision and what military problems may be introduced if a certain decision is made.

Gen. Taylor is an outstanding military man. He has the respect of his colleagues. He also is thoroughly familiar with the work of the Joint Chiefs of Staff, because he served on it and met certain frustrations there.

Rivalries between the armed services are due to a variety of causes, but the principal one is the amount of financial recognition given to each service through congressional appropriations.

The fear that one service will be given more money, and hence will be permitted to do more things, is usually held by each service chief.

THE FUNCTIONING of the Joint Chiefs of Staff has not been as satisfactory as the sponsors of the legislation had hoped when this system was officially created by Congress just after World War II.

But, even during the last war, the Joint Chiefs, though not an official body, participated informally in conferences with the President, who as commander-in-

chief made the final decisions. Problems arising in a "cold war" are very different from those in a hot war.

The strategy that must be followed in order to avoid a "shooting war" is often more complex than the military operations involved in defending against attack.

Gen. Taylor is known as a man who believes that the emphasis on nuclear war has resulted in neglect of ground, naval and air forces which are called "conventional" and which would be used in the event that nuclear warfare were ever banned by international agreement.

President Kennedy, however, decided to appoint Gen. Taylor primarily because he needed at his side someone with a military background.

President Eisenhower didn't need such a man, as he himself had had this experience in World War II and throughout his lifetime in the military service. But Mr. Kennedy discovered in connection with the Cuban "invasion" that it was difficult to concentrate on an operation as important as this proved to be and yet carry on the normal business of the government.

GEN. TAYLOR'S task, in serving the President, is likely to be one of examination of the reports that come from all sources in the government as they affect the military.

He probably will have little or nothing to do with arms production or the Defense Department as such. But he undoubtedly will act as the principal adviser of the President on defense policy and, in a sense, will be somewhere in between the secretary of defense and the President when it comes to broad questions of policy-making.

This is much to be preferred over the system whereby the secretary of defense enters into a constant debate with the secretary of state as to what should or should not be defense policy, with nobody to decide differences that arise between them.

Gen. Taylor's job basically will be to co-ordinate the views of all those concerned with the military services as well as with the diplomatic side, but the final decision upon the recommendations he makes will, of course, be up to the President himself.

MR. KENNEDY, on the other hand, will feel better off with an expert analysis of all the information on a controversial subject than he would if he tried to make the decision after listening himself to the contending parties.

Fears and suspicions that all this will make a change in the functions of the Joint Chiefs will continue for a while and much will depend on the exact manner in which Gen. Taylor performs his duties.

It will be up to him to win the confidence of the Joint Chiefs, as well as of the secretary of defense and secretary of state, in his job as liaison man between all of these services and the chief executive.

Letters To The Editor

Dear Sir:

Your account in Monday's paper of an elderly gentleman being run down by a turning auto illustrates quite well the problem that exists in East Liverpool, namely, the poor coordination between pedestrian and motorized traffic.

Passing through the downtown area many times daily, both as a pedestrian and as a motorist, I see examples of this poor coordination much too frequently.

The motorist turning at a corner who shows deference to a pedestrian with the right of way seems to be a rarity in this town; in fact, a pedestrian who is stubborn enough, or foolhardy enough, to assert his right of way does so at the risk of being struck by a turning motorist who refuses to respect pedestrian rights. Then too, the occasional motorist who does wait for the pedestrian to cross before turning frequently waits in vain, for the pedestrian often will not cross until the auto has turned. (Perhaps this dilatory action on the part of the pedestrian is not so foolish as it seems.)

The dilatory action of the pedestrian does not end here, however. As frequently as the pedestrian is compelled to give up his rights the motorist is held up by the pedestrian who strolls blandly into the intersection against the light.

The problem does not seem to be one of one-sided infringement on traffic rights, but one of improper conditioning of both motorists and pedestrians.

Perhaps a system of "walk" lights throughout the downtown area would alleviate the situation; perhaps a practice of ticketing motorists who fail to yield the right of way and pedestrians who walk against the light would also be helpful. At any rate, something needs to be done before more people are injured or involved in

lawsuits because of improper traffic coordination.

WAYNE E. WILLIAMS
317 Summit Ln.

People Preferred

Hungry mosquitoes will bite a warm billiard ball, but they prefer people.

And they prefer some people to others. Department of Agriculture entomologists have found that mosquitoes seldom bite certain individuals, but frequently attack others.

Researchers have studied everything from folklore to metabolism in an effort to discover why mosquitoes are finicky in their biting habits.

The man who says mosquitoes never bother him because he smokes cigars is right — up to a point. A pungent cigar may repel a stray mosquito buzzing around a screened porch. The same cigar, however, would not deter a swarm of mosquitoes.

Carbon dioxide, warmth and moisture apparently are the prime mosquito lures. The insects generally are attracted more to dark than light colors. Thin persons are favored targets because they have a higher metabolic rate and release more heat than others.

Probers Seek To Pinpoint Responsibility In Air Crash

DENVER, Colo. (AP) — Tight-lipped federal and company investigators tried to pinpoint responsibility today for a United Air Lines DC8 jet liner landing crash that killed 17 persons Tuesday.

Of the 122 aboard, at least 50 received hospital treatment and 38 suffered minor injuries. None was in critical condition.

United imposed a complete blackout on any explanations of all seven crew members who escaped or from other company employees. UAL President W. A. Patterson, here from Chicago, refused to answer any queries from newsmen.

Federal investigators turned aside reporters' questions with a cryptic "There's nothing to say."

Fire Chief Allie Feldman of Denver snapped back at critics who alleged there was delay in fire-fighting equipment reaching the crash scene.

"It didn't make any difference how many pieces of fire equipment we had there we couldn't have saved those 16 people," Feldman said. Those 16 passengers died in the flaming wreckage. The 17th victim was a Denver city engineer.

He was crushed when the mammoth airliner, reporting a hydraulic system malfunction, skidded from a runway at an estimated speed of 120 to 140 m.p.h. and slammed into his truck, in use on a construction project.

Relief

(Continued from Page One)

quired men on welfare rolls to cut brush along highways, prepare surplus food for distribution and clean up fairgrounds this summer. Louis Ringette, chairman of the Josephine County Welfare Commission, spoke of a small, elderly man who runs a chain saw in tree-and-brush clearing work. He said: "You'd think he was getting \$5 an hour the way he keeps it going."

Five years ago Cuyahoga County (Cleveland) Ohio, began a program for retraining employable relief clients. It hired personnel specialists. They catalogued relief rollers, gave them on-the-job training in county hospitals and other institutions and helped them get work. John J. Schaffer, county welfare director, said more than 1,400 persons have been put on payrolls. He reckoned the transfer cut the relief load by about \$1.5 million.

Texas tightened up its aid to dependent children program with an appreciable saving. Assigning specialists to make more thorough investigations brought these results: a drop from 24,974 cases involving 79,957 children and \$1,768,372 in June, 1959 to 19,652 cases involving 60,586 children and \$1,471,914 in June, 1961.

Louisiana enacted a law last year to cut off aid to dependent children to any mother who had an illegitimate child after she drew a welfare check. Action was made retroactive, and 22,500 of the youngsters were removed from the benefit lists.

But the law also provided that a mother could regain eligibility by proving her home was suitable. One way was by getting married legally. One way or another, all but 4,500 of the children have been restored to the rolls.

Florida also has whittled down its aid to dependent children load. Under a 1958 law assistance can be stopped when a family doesn't have a suitable home. The results: a review of 15,000 cases and many voluntary withdrawals.

Cleveland Livestock

CLEVELAND (AP)—Cattle, 50, steady; prime steers 24.00-24.50 (nominal); commercial and standard 18.00-21.00; fat cows 16.00; 17.00; bologna bulls 19.00 - 21.50. Calves, 25, steady; prime 26.00; 28.00; good to choice 24.00-26.00. Sheep and lambs, 100, steady; choice spring 18.00 - 20.00; choice ewes 6.00-7.00.

Woman Hurt; Man, 71, Held

A 56-year-old East Liverpool woman was treated at City Hospital Wednesday night about 9:30 for a laceration of the forehead she told police was suffered when a fellow resident of an apartment house broke down a door and struck her.

The victim was Mrs. Helen Green, resident of an apartment at 603 E. 3rd St. Arrested in connection with the case was Floyd Hayes, 71, whom police identified as another resident of the apartment house.

Patrolman K. H. Mooney reported he was dispatched to E. 4th and Walnut Sts. on a report an injured woman was standing at the curb. He took Mrs. Green to the hospital for treatment. Mrs. Green related that Hayes broke down her door and struck her in the face, he said.

The officer said he went to the apartment house, which is at the extreme east end of E. 3rd St. near Thompson Pl., and took Hayes into custody on an intoxication charge.

Hayes was unable to appear in Municipal Court this morning. His case was continued until Friday morning.

Property Destruction Count Costs Man \$25

A North Side man was fined \$25 and costs and given a suspended 30-day jail term today in Municipal Court after pleading guilty to a charge of malicious destruction of property.

James F. Starr, 1304 Bright View Dr., pleaded guilty to breaking a window at the Lake Marwin dressing room Wednesday afternoon with his fist. The charge was filed by Constable Roy P. Watson.

Watson told Judge Samuel M. Chertoff the broken glass showed on some children who were dressing and a young girl was cut on the knee.

Street Dance Slated

HAMMONDSVILLE — A free street dance will be sponsored by the Hammondsville American Legion Post 742 July 21 from 7:30 to 11:30 p. m. Walter Cope, commander, announced. Shorty's Trailblazers will play and Sam Harris will be caller, Harry Springer, spokesman, said. Proceeds will be used for the building fund.

Ohio

(Continued from Page One)

wind up. But the House passed a bill last month which calls for the additional congressional district to be composed of Butler, Warren and Clermont counties.

If the Senate passes its version, reconciliation of the two plans could take time.

The Senate passed a House-backed bill giving the civil rights commission specific authority to hear cases in which discrimination in public accommodations is alleged because of color, race, religion or national origin.

A House-approved bill appropriating \$974,984 to pay various claims against the state met sudden and surprising defeat in the Senate. Reconsideration of the vote is a possibility.

The Senate did approve the school support bill. It increases the state subsidy to local school districts from about \$413 million in the last two years to about \$467 million for the next two. The House concurred in Senate amendments, so it goes to the governor.

Among other measures, the Senate completed passage of a bill modernizing state law on commitment, discharge and hospitalization of mental patients. It is a major measure in the governor's legislative program.

Representatives adopted a resolution authorizing Speaker Roger Cloud, R-Logan, to ask for an attorney general's ruling on the governor's right to veto an entire year's appropriation.

Both houses voted to override DiSalle's most recent—and 13th—veto of the session, the county office vacancy act.

Vacancies in top elected county offices presently are filled either by commissioners or a probate court judge-auditor-recorder committee.

The act vetoed by DiSalle gives the county central committee (of the political party to which the last occupant of the office belonged) authority to appoint a successor.

Georgetown Group To Push Cleanup Work At Cemetery

The volunteer cemetery cleaning group will meet for work at the Georgetown Cemetery every Wednesday evening until work is completed, the group announced. Helpers are needed, it added.

Mr. and Mrs. Robert W. Everly and daughters, Sandra and Kathy, of Kittanning, Pa., have been visiting Mrs. Robert Everly Jr.

Miss Belle Pugh, formerly of Georgetown, a daughter of the late Mr. and Mrs. Daniel Pugh, will celebrate her 88th birthday anniversary Saturday at her home, 237 George St., Chester. She is a former nurse.

Mr. and Mrs. Glenn Mackall and daughter, Amy, attended the Huffman family reunion Sunday at City Park in East Palestine. Mrs. Mackall is the former Miss Marilyn Huffman of Chester.

Mr. and Mrs. Paul Mackall were guests Sunday of her brother and sister-in-law, Mr. and Mrs. Paul Mahon of Canton. Paul is a former local resident and son of the late Rev. and Mrs. Theodore Mahon, a former Georgetown Methodist pastor and his wife.

Mr. and Mrs. Wayne McHaffie

and daughter, Deborah and son, Thomas, have concluded a visit with Mr. and Mrs. Merle Waters of Kittanning, Pa.

Susan Stewart of Route 1 is visiting her grandparents, Mr. and Mrs. Lawrence Miller of New Alexandria, Pa.

Mrs. Guy Mahon of Alamo, Tex., and Mrs. Frank Bush of Cleveland have concluded a visit with Mrs. Louis Wagner.

Youths In Car Thefts Due Hearings Friday

Hearings for two 17-year-old East Liverpool youths accused of car theft will be held Friday at 2 p. m. before Juvenile Judge Louis Tobin at Lisbon.

The two youths admitted stealing two autos. One was stolen from the Central Service Co. on W. 7th St. and driven to Wellsville, where it ran out of gas. Then they stole a car owned by Mrs. Beulah M. Craig, 1522 Commerce St., Wellsville. Driving it back to East Liverpool, they were stopped for speeding.

Berlin

(Continued from Page One)

In Paris, the United States, Britain and France consulted their allies in the North Atlantic Treaty Organization on their replies to the Soviet note of June 4 threatening to sign a separate peace treaty with East Germany this year. There was no indication when the replies would be delivered, but De Gaulle's speech and the West German note made clear the other allies would join in firm opposition to the Soviet attempt to remove the Western protection from West Berlin.

In Gettysburg, Pa., former President Eisenhower declared that a Western surrender to Khrushchev on Berlin would be far worse than the British-French surrender of the Czech Sudetenland to Hitler at Munich.

Eisenhower told Paul Martin of

the Gannett News Service that he firmly believes the Soviets do not want an all-out war over Berlin or anything else but will use other methods to achieve their ends.

Jail Term Suspended For Pistol Theft Case

A chemical company employee drew a suspended 60-day jail term today in Municipal Court after pleading guilty to the theft of a pistol from an elderly man who resides at his home.

Judge Samuel M. Chertoff suspended the jail term for Darrell Leak, 1723 Cleveland Ave., provided he make restitution to Lee Allison, who reported the theft of the .32-caliber pistol on May 31.

The charge was filed by Police Capt. Robert H. Pyle, who said Leak later sold the gun to another youth and police located it when the new owner attempted to register it with the department.

Memories Of Another Life?

Psychiatrist Will Probe
'Two Lives' Possibility

CHARLOTTESVILLE, Va. (AP)—Are there persons living today who lived another life in another body — perhaps in some bygone century?

An eminent University of Virginia psychiatrist isn't sure, but he says he has found enough evidence in a 10-year study to warrant further investigation.

For additional proof he is leaving Saturday for India and Ceylon, where several children claim to have memories of another life.

The doctor, Ian Stevenson, is professor of neurology and psychiatry and chairman of that department at the university's School of Medicine. He will work under a grant from the Parapsychology Foundation in New York.

He says succinctly, "There is some evidence that part of the human organism survives physical death." He says he is not referring to any organic part of the body, but "to what was called the soul in the 19th century."

Speaking of case studies of children who claim to have lived before, Dr. Stevenson says, "apparent memories of this kind are fragmentary, and usually fade as the children get older. Such chil-

dren usually remember from a dozen to 20 items, and these are usually scenes of strong emotional significance, such as the death of a mother or father."

Dr. Stevenson said he hopes to release a full report within a year on one case—this one involving a woman in Philadelphia.

He said that under hypnosis the woman undergoes a personality change and switches from English to an early form of Swedish dialect. Out of hypnosis, she speaks no Swedish at all and has no apparent connection with such a background.

If this sounds much like the famous case of the Pueblo, Colo., housewife who believed she was Bridey Murphy in 19th century Ireland, Dr. Stevenson isn't worried. He believes in the evidence produced in that study, but adds it is not one of the best examples.

Dr. Stevenson said he is going to India for a seven-week visit because cases suggesting a previous existence are more prevalent there than in Europe or America. He said that perhaps the Buddhist and Hindu beliefs in reincarnation provide a favorable climate for stories of this kind.

"DON'T SEND ME BACK". Christopher, a 3-month-old African lion cub, pleads with Mrs. Vada Stovall to no avail. Her husband, head keeper at the Portland, Ore., Zoo, said the cub is now old enough to return to his zoo quarters.

Examiners Plan
To Aid Vendors
For Tax Reports

Sales tax examiners will visit five Columbiana County communities the last week in July to aid vendors in filing their sales tax returns for the first half of 1961 before the deadline July 31.

The schedule provides for an examiner to visit Wellsville City Hall on July 26; East Liverpool City Hall, July 27-28; Keller Hardware Store in Columbiana, July 26; Salem City Hall, July 27, and the Courthouse at Lisbon on July 28.

Delinquent filing subjects the vendor to a \$1-a-day penalty. The fact the vendor may not have held a license for the full six months

or was not open for business or made no taxable sales does not justify failure to file a return, the State Tax Department explained.

When filing returns, vendors were asked to take their 1-61 sales tax return forms, along with a copy of the last report, a record of their sales and prepaid tax receipts purchased during the first six months.

Reunion Set Sunday

LISBON — The annual reunion of the descendants of John and Anna Wilson will be held Sunday at the New Garden Church, beginning at 12:30 p.m. with a basket lunch. James Wilson of Minerva, president, will conduct the business meeting.

West Virginia City May Be
Pilot Plan Development Site

POINT PLEASANT, W. Va. (AP)—This river town with a population of 5,000 might become the first city of its size in the country to undertake a pilot program for community development.

Such a project would have as its aim combining community facilities to provide for a better place for its residents.

The U.S. Chamber of Commerce has selected Point Pleasant for the program in a city with 5,000 population or less. Three larger cities — Erie, Pa.; Fresno, Calif., and Amarillo, Texas — already have begun such pilot projects.

City Council voted unanimously this week to try the program if it could afford it. A delegation will talk over the idea in Washington July 31 with officials of the U.S. Chamber.

The chamber sponsors and guides these programs, but the cities must finance them and provide the leadership. Three to four months would be needed to complete a study for the project.

A special group would break down the study into such phases as urban renewal, modernizing the local government, comprehensive planning, leadership and financing community development.

Then this group would draw up a priority list of projects and a plan of action. It would be up to the city fathers and residents to go on from there.

Jack Lloyd of Charleston, with the area development department of Appalachian Power Co., explained to City Council some reasons why Point Pleasant had been chosen.

Since it is at the confluence of the Ohio and Kanawha rivers, it has much potential, Lloyd said. He also told the council the U.S. Chamber of Commerce felt the city's leadership was such that it could use the program to its advantage.

A new city administration recently took over.

Finds Dynamite

AKRON, Ohio (AP)—Constable Pete McRitchie of Macedonia Wednesday found a case of dynamite hidden under a basement stairway in an unoccupied farmhouse in Macedonia Twp. A decontamination unit from the Ravenna Ordnance depot removed the dynamite and destroyed it.

Engineer's Still Mystified
Why Wife's Car Hit Train

ROANOKE, Va. (AP)—Ernest O. Howard expects to climb back into the cab of his locomotive next week, still mystified why his wife apparently drove her car in front of his speeding train.

"It's a mystery to me. I actually don't know why she picked my train," said fireman-engineer Howard after his release from a hospital.

No clue to the puzzle comes from Mrs. Howard, 39, who knew her husband was at the throttle of the train. She has remained unconscious since the July 5 crash.

Police hold a note said to have been written by Mrs. Howard before the crash, but have so far refused to talk about it.

Salem Police Chief George Eades said only that it appeared the collision may not have been an accident. No charges are being planned at this time.

Just out of the hospital, where he was treated for shock, Howard said, "She was despondent over ill health for a period of years."

"She was highly nervous."

Howard said he expects to return to work shortly on the same run, probably after a visit to his doctor Friday.

He has not seen his wife since getting out of the hospital, but she is attended by nurses and relatives.

County's Wards Show
Drop Of 20 In June

LISBON — The number of children in care of the County Welfare Department showed a net decline of 20 during June, according to the monthly report of Robert Bycroft, director.

On June 1, the department had 196 children under its care. It added eight during the month, making a total of 204, but released 28 as wards, to cut to 176 children the number in its care July 1.

A breakdown shows that 154 are in foster homes; 10 are with relatives; eight are with their parents and four are in institutions.

Too Much Responsibility

Mothers Have Tough Job

By HAL BOYLE
NEW YORK (AP)—I'd hate to be a mother.

When your hard-up neighbor down the street wins \$356 on a daily double racetrack bet, he is hard enough to live with.

In one afternoon he has gone from the poor mouth to the rich mouth.

The morning found him reluctant to recognize his own virtue. The evening finds him unable to resist the temptation to denounce his government—dispraise his taxes. The money he has won has made him an authority on everything.

I'd hate to be a mother because she is like the gambler who won a daily double. It changes her whole outlook, too.

She gambled on a small investment and her reward as a winner is a moist bundle of maybe 7 pounds or so of crying human protoplasm. It is wet at both ends and dry probably only in the middle. And it stays that way month after month.

Life is full of laughter, but for some mystic reason no baby is ever born smiling. They all enter this world struggling in anger and fear and hunger. Too many leave the same way.

I'd hate to be a mother.

The year before she became a parent she is eager to discuss such intellectual questions as whether the earth would be better if Picasso had got stuck in his blue rather than his pink mood, or if Dr. Albert Schweitzer and Tennessee Williams could shake hands across the distance.

But the day after she becomes a mother she becomes a tigress. A hundred thousand or more infants may be born on a single day, but her world is instantly concentrated to the squirming kingdom of newness.

Day after day she reduces herself (by enlargement) trying to make this dewy glob into a person. She has to curb its normal, strident, gluttonous, wide-mouthed appetite for self-indulgence into discipline and acceptance of the aims and rights of others. She has to escort it sensibly and sensitively from yearning to learning to earning.

It is a hard and always difficult and often lonely and sometimes heart-breaking task.

The reward: If she does a good job—and microbes or war don't ruin her effort—the darn thing goes off on its own, leaving her to start its own family. If she does a bad job, it complains with the breath she gave it to object against the life she conferred.

I'd hate to be a mother. The job has so much responsibility.

Perhaps that is why women make the best mothers. They are much better gamblers than men.

Men bet themselves against now, and not always willingly. But most women are eager to stake themselves against eternity, gambling on a finer issue.

Motherhood is for the birds—or women with feathers of hope in their soul.

The Social -- Notebook

Mrs. Lillian Smith conducted devotions on "Churches" at a meeting of the Dorcas Circle of the WSCS of the Pennsylvania Ave. Methodist Church Tuesday night in the social rooms.

She spoke on old and new churches and what they have accomplished. Her Scripture reference was Isa. 56. She also offered prayer. Mrs. Grace Phelps conducted the prayer circle.

Mrs. Virginia Heddleston, president, conducted business. Miss Lillian Miles read the minutes and Mrs. Roma Baldwin gave the financial report. The sum of \$9 was realized from the recent cooking demonstration at the Ohio Power Co.

Refreshments were served by Mrs. Mae Mankin, Mrs. Clara Wedgewood and Miss Helen Wedgewood.

The next meeting is Aug. 15 with Mrs. Heddleston of St. George St. Miss Wedgewood will lead devotions and Mrs. Sara Nichols will give the Bible quiz.

Thirteen dozen diapers for the nursery of City Hospital were made at the all-day meeting of the Washington Elm Twig of the Rebecca Griscom Chapter, Daughters of the American Revolution, Tuesday with Mrs. Howard Martin of Calcutta Acres. Sixteen attended.

A coverd picnic was held in the recreation room. The table was centered with an arrangement of roses. Mrs. Homer Huston, Mrs. J. W. Batey and Mrs. G. Jay Clark assisted the hostesses.

Mrs. Donald W. Gass, Twig chairman, presided for business. Mrs. E. Walter Hewitt, chairman, took subscriptions for the DAR Magazine.

Guests were Mrs. William Cooper, president of the hospital auxiliary, and Mrs. William E. Dunlap Jr. and Mrs. Perce Blake, past presidents, and Mrs. Leone Wood.

Mrs. Huston of Blackmore St. will entertain Aug. 1.

Tentative plans for a bazaar were outlined at a meeting of St. Ann's Guild Tuesday night in the social rooms of St. Ann Catholic Church.

Miss Bernadine Riccitelli, president, conducted business. Fr. Richard Buchmann, pastor, gave prayer.

Mrs. Nancy DeSarro was named chairman for a bake sale to be held after masses on July 30. Those appointed to purchase a gift for the new priest are: Miss Rita Teixeira, Mrs. Helen Yanni, Mrs. Frances Ramsey and Mrs. Catherine Galeoti.

The next meeting is Aug. 7. Mrs. Mary Dawson is hostess.

Future projects were discussed at a meeting of the auxiliary of American Legion Post 374 Tuesday night at the post home.

Mrs. Frances Cusick, president, conducted business. Mrs. Peg Barker, acting chaplain, gave opening and closing prayers.

Mrs. Frieda Skvarka read the minutes and Mrs. Dorothy Gallo-way gave the financial report.

Mrs. Cusick and Mrs. Skvarka will attend the state convention July 21-23 at Cincinnati.

The next business meeting is Aug. 15.

Softball and badminton featured the family coverd picnic of the Amiel Matred Class of the First Baptist Church Tuesday night at Tomlinson Run State Park. Thirty-eight attended.

Mrs. Beverly Bayley and Mrs. Peg Bangor were in charge of arrangements.

The next meeting is Aug. 8 with Mr. and Mrs. Clinton Wagers of Park Way Ext.

Sewing and fancywork featured the meeting of the Magnolia Club Tuesday night with Mrs. Kristine Walker of May St.

Mrs. Mae Wray conducted business. Refreshments were served by the hostess, assisted by Mrs. Margaret Walker. The buffet table, covered with an embroidered cloth, had a mound of violets for a centerpiece.

A family picnic will be held Aug. 8 at the Roadside Park in Wellsville.

Mr. and Mrs. Charles Hopper of Gardendale Ave. observed their wedding anniversary Sunday with a family picnic.

The birthday anniversary of his mother, Mrs. Myrtle Hopper, was also celebrated. Twenty-one attended.

Out-of-town guests were Mr. and Mrs. Ronald Starbuck and children of Columbus and Mrs. Stephen Chaszar and children of Center Valley, Pa.

Mrs. Linda Rudy was received as a new member at a meeting of the auxiliary of the Glenmoor American Legion Post 736 Tuesday night at the post home.

Mrs. Dorothy Rogers, president, conducted business. Mrs. Jane

Wiley, chaplain, gave prayer. Mrs. Mildred Stowers read the minutes.

Plans were made to attend the coverd picnic of the County Council Tuesday at 6:30 o'clock at Centennial Park in Salem.

Cards were played during the social hour.

Mrs. Clarice Moore and Mrs. Helen Glenn are hostesses for the next meeting July 25.

The Ruth Circle of United Lutheran Church Women will meet Monday at the Parish Hall of St. John's Evangelical Lutheran Church. Miss Alice Peddicord is program chairman. Mrs. Mary Reed and Mrs. Louis Krawiec are hostesses.

Pa Mir Zuanna 43, Ladies of the Orient, will hold a picnic Monday with Mrs. Grace Mossman of Garner Ave. Mrs. Gladys Bourne and Mrs. Viola Frye are associate hostesses.

A "pot-luck" supper will feature the meeting of the Baraca Lursaw and Philathea Classes of the First Baptist Church Monday at Thompson Park. The committee is Lyle Little, Roy Thompson and Curtis Palmer.

Mrs. Alma Hall of Michigan Ave. will be hostess Monday for the Naomi Ruth Circle of the WSCS of the Boyce Methodist Church. Mrs. Kitty Jones will lead the worship service.

The MNS Club will meet Monday with Mrs. Richard Smith of Grant St., Newell.

A family picnic will feature the meeting of the Ladies Aid Society of the Glenmoor United Presbyterian Church Monday with Mrs. Robert Stepanovich of Glenmoor. Mrs. Mary Worcester will lead devotions.

The regular meeting of Lady Elks will be held Monday at the lodge home.

Mrs. J. D. McGillivray and Mrs. Robert Jones of the First Methodist Church will conduct the worship service at the meeting of the auxiliary of the Community Rescue Mission Monday night. Mrs. Mary Shinton and women of the Pennsylvania Ave. Methodist Church will serve refreshments.

The Town and Country Club will meet Monday with Mrs. Mary Curran of Etruria St.

Purity Council 7, Daughters of America, will meet Monday at the Sons of Veterans Hall.

Mrs. Doris Marshall will give a book review for the combined meeting of Circles 1, 2, 3 and 4 of the Christian Women's Fellowship Monday in the social rooms of the First Church of Christ.

The Class of 60 Club will meet Monday with Miss Lucky Sprague of W. 8th St.

A 6:30 o'clock picnic will highlight the meeting of the Light and Life Class of the Beechwood Free Methodist Church Monday at Thompson Park.

An all-white installation of officers will be held at the meeting of Max C. Roth Council 226, Daughters of America, Monday at the East End IOOF Temple.

Descendants of John H. and Mahala Stewart will hold their 24th annual reunion Sunday at 11 o'clock at the upper pavilion at Thompson Park. Dinner will be served at 1. Mrs. Mildred Willis will be chairman of the table committee. Everett Barnhart of Pugh-town is president.

A large group from East Liverpool, Chester, Newell and other nearby communities attended a family reunion Sunday at the home of Bert Nalley of Little, W. Va., at which his 80th birthday anniversary was observed.

A three-tiered birthday cake centered the table at the noon meal. All of his brothers, sisters, children, grandchildren and great-grandchildren attended. The afternoon was spent socially, highlighted by group singing to organ and accordion accompaniment.

Attending from this area were: Mr. and Mrs. Bernard Dyke, Jimmy Dyke and Miss Kay Snyder of East Liverpool; Mr. and Mrs. David Strohm and Anna Cline of Glenmoor; Mr. and Mrs. Skip Van Leath of Calcutta; Charley Nalley, Mr. and Mrs. Roger Cline, Ann Lynn Cline, Amy Sue Cline, Mr. and Mrs. Donald McVeigh, Jeff McVeigh, Nora Wickham, Otho Nalley, Basil Nalley, Mr. and Mrs. Elmer Nelson Jr. and Gary Nelson, all of Newell, and Oscar Nalley, John Nalley and Guy Wells, all of Chester.

MISS FRANCES PENNY
She'll Set Wedding Date.

Frances Penny, Jerry H. Phillips Engaged To Wed

Mr. and Mrs. Frank R. Penny of Lisbon R. D. 3 have announced the engagement of their daughter, Frances Jean, to Jerry H. Phillips, son of Mr. and Mrs. George S. Phillips of Hanoverton R. D. 1.

Miss Penny and her fiancé both are graduates of Lisbon David Anderson High School in the class of 1960.

Miss Penny is employed at the Lisbon A. & P. Market and Phillips is employed at the Thomas Works of the H. K. Porter Co. at Lisbon.

No date has been set for the wedding.

Wellsville Society Miss Ruth Urie LE 2-2288

Mrs. Alice Newton, 1128 Main St., president of the Pilot Club of Steubenville, has been named official delegate to the 40th annual convention of Pilot Club International at Denver, Colo., Sunday through July 20.

The next meeting will be Sept. 5.

About 15 attended a picnic meeting of the Marilyn Fisher Missionary Society of the First United Presbyterian Church Tuesday night with Mrs. Edward McHenry of State Route 2.

A baby shower honored Mrs. Dick Dean. The Rev. Donald Vogel gave prayer.

The next meeting will be Aug. 1 with Mrs. Paul Doughty of California Ave.

Group Conducts Meeting On 'Freedom To Believe'

"Freedom To Believe" was the program theme at a meeting of the Women's Association of the Trinity United Presbyterian Church Tuesday night in the social rooms. Fifty attended.

Mrs. Phillip Fuhrer led the worship service, reading an article, "Let Freedom Ring," and offering prayer. Mrs. L. G. Hadden provided organ accompaniment for the singing of "America, the Beautiful."

Mrs. Edward Aliulis conducted the prayers for missions, using "The Yearbook of Prayer." Mrs. Nelson Wright and her daughters, Jane and Peggy, sang "It's in My Heart."

"The Basic Goals of Christianity" were discussed by Mrs. Leonard Pittenger, program chairman. Other topics read were Mrs. Bernard Locke, "Religious Liberty," and Mrs. Robert Brewster, "Freedom as Citizens."

Questions discussed were Mrs. Howard Martin, "What Can Public Schools Do in the Way of Religious Heritage?" and Miss Helen Hannahs, "How Can Religious Controversies Be Dealt With in a Community and What Agencies Should Share the Responsibilities Involved?"

Miss Eleanor Mountford, a teacher at Westgate School who served as a missionary in China, read excerpts of several articles on Communism. Another article read by Mrs. Thomas Wolfe was "Christianity and Communism." The "Universal Declaration of Human Rights of the United

Sara Lue Miller in charge. Plans also were made to sell greeting cards and Christmas cards. Proceeds will be used for the building fund.

Midland Society Flo Nuzzo NE 4-6071

Plans were completed for the annual picnic of the Catholic Daughters of America of the Pittsburgh Diocese at a meeting of Court Midland 633, C. D. of A. Tuesday evening in the gymnasium of the Presentation Catholic Church.

Mrs. John J. Dante, vice regent, presided in the absence of Mrs. Charles Schmitt, grand regent.

The picnic will be held Aug. 8 at Kennywood Park. Mrs. Margaret Migliore is in charge of reservations and Mrs. Teresa Dillon is in charge of tickets.

Mrs. Pete Benedict gave a report on the recent strawberry festival. Special prizes were won by Mrs. Clarence Duffy and Mrs. Dante. The next meeting will be Aug. 1 in the form of a picnic at the Midland Rotary pavilion on Murphy Hill Rd., Mrs. Ann Suffoletta is chairman.

The Gay Club met Tuesday evening at the home of Mrs. Randolph Middleton, of Midland Heights. Two tables of 500 were in play.

Prizes went to Mrs. Thomas Clark and Mrs. Levi Fielder.

The next meeting is Tuesday at the home of Mrs. Thomas Clark of Midland Ave.

Midland Personals
Mr. and Mrs. Guy DiMaggio and Mrs. Pete Bernardi, all of Penn Ave., have returned after visiting their daughters, Miss Linda DiMaggio and Miss Esther Bernardi, of Washington, D. C.

Women's Chorus Due On Grange's Program

The Melo-Tones, a chorus of women from Hillcrest, Wellsville, will sing during the 50th anniversary celebration of the Yellow Creek Grange July 23.

The members are to meet at the Grange Hall at 1:30 p. m. A practice will be held Monday night at 7 at the Grange Hall.

Mrs. Wilda Shafer is director. Mrs. Phyllis Thrasher, president, said Mrs. Jane Reese has been appointed librarian of the group.

A regular meeting will be held July 24 at the Grange Hall.

Mr., Mrs. Vincent Gentile Establish Home In Beaver

Following a wedding trip to Cape Cod, Mass., Mr. and Mrs. Vincent Gentile Jr. are residing in Beaver.

The bride is the former Miss Elizabeth A. Phillips, daughter of Mr. and Mrs. Walter C. Phillips of Monaca, and her husband is the son of Mr. and Mrs. Vincent Gentile of Penn Ave., Midland.

The ceremony was performed July 1 at St. John's Catholic Church in Monaca by Fr. John Charnoki, assistant pastor. The altar was decorated with vases of gladiolus and white stock. Mrs. Val C. Rocco of Beaver Falls was organist and soloist.

The bride, given in marriage by her father, was attired in a ballerina - length gown with full circle skirt, a fitted bodice with scooped neckline and seed pearl trim.

The skirt was appliqued with lace motifs. A Swedish crown held her French veil of illusion in place. She carried a bridal arrangement of pink roses and white daisies. She wore teardrop earrings and carried an ivory rosary, gifts of the bridegroom.

Mrs. George Susie of Beaver, an aunt of the bride, was matron of honor. She was attired in a gown of shocking pink silk organza over taffeta in ballerina length and styled with fitted bodice. It featured a scooped neckline forming a V at the back and bell-shaped skirt with self material belt and side bow. Her bouquet was pink roses and white carnations.

Bridesmaids were Jeanette Gentile of Midland, sister of the bridegroom, Nancy Mechem of Monaca and Suzanna Finkhouser of Vanport. Their ensembles and bouquets were identical to those of the matron of honor.

Toni Lynn Susie of Beaver, cousin of the bride, was flower girl. She carried a miniature bouquet similar to those of the other attendants. Gabriel Giordano, nephew of the bridegroom, was ring-bearer.

Anthony Passa of Midland served as best man. Ushers were Eugene Mullen, Robert Zak and David Nobers, all of Midland.

Mr. and Mrs. Phillips were hosts at a wedding breakfast following the ceremony at the Sons of Italy Hall in Monaca. About 250 guests attended the reception held at the same place. Aides were Mrs. John Draganich, Mrs. Michael Pillo and Mrs. Anna Cutich, all of Monaca.

The bride is a graduate of Monaca High School and is employed by the atomic power plant of Westinghouse Electric Corp. in Shippingport. Her husband is a graduate of Midland High School and is employed by the Titanium Division of the Midland Works of the Crucible Steel Co.

15 Beauties Vie Tonight For Miss USA

MIAMI BEACH, Fla. (AP) — Fifteen girls ranging from 34-22-35 to 37-24-36, and from student to real estate speculator, compete tonight for the title Miss U.S.A.

They are the girls who survived the first round of judging at the Miss Universe beauty pageant. Twenty-eight others seeking the Miss U.S.A. title were eliminated Wednesday night.

The judges hit a snag at the end. They had four places left to fill and six girls to fill them: Miss Indiana, Miss Kentucky, Miss Michigan, Miss New Jersey, Miss Texas and Miss West Virginia.

After a tense five minutes of halloing, Miss Indiana and Miss Texas were eliminated.

"I'm the shortest (5-foot-3) girl in the contest. I never thought they'd pick me," said Miss West Virginia, 20-year-old Kathy McManaway of Princeton. "I thought they wanted only beautiful, long-legged girls."

Kathy, a college junior, also has the most modest dimensions, along with Miss Michigan, who is Patricia Lyn Squires, a 19-year-old nursing student from Milan.

The Miss Universe competition will be held this year on Friday and Saturday nights.

7 New Officers Seated To Serve Legion Auxiliary

Installation of seven officers highlighted the meeting of the auxiliary of American Legion Post 4 Tuesday night at the post home.

Mrs. C. D. McCullough inducted: Mrs. Helen Jones, president; Mrs. Grace Bock, first vice president; Mrs. Hazel Shawke, second vice president; Mrs. Grace Smith, secretary; Mrs. Virginia Stoffel, treasurer; Mrs. Grace Pethel, chaplain, and Mrs. Elsie Smith, sergeant - at - arms.

Gifts of appreciation were presented Mrs. Smith and Mrs. Stoffel, who are continuing in their offices.

Mrs. Jones conducted business. Mrs. Smith read the minutes and also gave the auditing report, which was compiled by Mrs. Mae Hartt.

Mrs. Stoffel read the annual financial report. Mrs. Jones and Mrs. McCullough won drill prizes.

Refreshments were served by Mrs. Bock. The next meeting is Aug. 8.

Fire Destroys Barn

RAVENNA, Ohio (AP) — Fire completely destroyed a barn near the intersection of Ohio 44 and 303 at nearby Shalersville today. There were no injuries.

TWO BEAUTIES, Bonnie Lee Jones (left), Miss Virginia, and Kathy McManaway, Miss West Virginia, appear happy as they pose for photographers during the Miss Universe Contest at Miami. (UPI Telephoto)

Wife Of Willie Mays Files Separate Maintenance Suit

SAN FRANCISCO (AP) — The twice-divorced wife of Willie Mays filed a separate maintenance suit against the San Francisco Giants star Wednesday claiming he was indifferent, hostile and arrogant.

Scarlett Wendell Margheurite Mays told a news conference at her attorney's office Willie "would come home in the evening, have dinner in his room and then go out to play pool. He plays pool almost every night he isn't playing baseball."

Charging mental cruelty, the svelte Mrs. Mays, who has a daughter, 14, by a previous marriage, asked \$3,500 a month support for herself and the couple's 2-year-old adopted son, Michael Rosiny.

Mays could not be located for comment.

Rumors of friction between the couple—married in Elkton, Md., on Valentine's Day, 1956—began three years ago. Last January Mays packed his bags and moved out of their New Rochelle, N.Y., home. But Mrs. Mays, 31, accompanied the 30-year-old center fielder at spring training, returned to New Rochelle and then came to San Francisco later in the season.

She said she is not asking for a divorce because "I am a Catholic and my religious principles are opposed to divorce." She did not comment on her past two marriages.

The cassowary, a flightless bird of Australia, has a call note that can be heard two miles away. Its call for its young sounds much like the lowing of a cow.

Glenmoor Youth Seen Good At City Hospital

Clyde William Beaver, 17, of Glenmoor is improving at City Hospital, where he was admitted early Wednesday morning after he was found semi-conscious in his car along the Y. & O. Rd. in an apparent reaction from a head injury suffered a few months ago.

Son of Mr. and Mrs. Clyde Beaver of Vale St., the youth had complained of a headache Tuesday night and "blackout" while driving home, the family reported. He suffered a head injury while roller skating recently. He is in "good" condition today.

Tom Belton, former two-time Big Ten tennis champion from Michigan State, is superintendent of parks and recreational at Austin, Minn.

50 Attend Installation Rite Of Midland Women's Unit

Mrs. Gen Gianvito of Fairview, Mrs. Ben Masters, who is in charge of reservations, urged those who wish to attend to contact her as soon as possible.

A family basket picnic was planned for Aug. 9 at the Midland Lions pavilion on Murphy's Hill Rd. The auxiliary will provide refreshments.

The new president appointed Mrs. Leo Marciniak as publicity chairman.

The birthday prize went to Mrs. Liza DiRenzo and the anniversary prize to Mrs. Stanley Kovalesky. Special prizes were won by Mrs. Uccellini and Mrs. Amedeo Ulizio.

During the social hour, card games were featured. Mrs. Joseph Misorski won the canasta prize and Mrs. Alfred Monac the pinochle prize. Other prizes went to Mrs. Giovannelli, Mrs. Uccellini, Mrs. Patsy Bernardi, Mrs. Liza DiRenzo and Mrs. Joseph Cellini.

The social committee included Mrs. Joseph Pichelli, chairman, Mrs. Vincent D'Itri Sr., Mrs. Sam DeProspero, Mrs. Gino DeFrancis and Mrs. Cataldo.

It's Matter Of Taste, Professor Discloses

ELMIRA, N. Y. (AP) — Prof. Robert Baker of Cornell University reported at an agricultural meeting here that chicken hot dogs had been sold in an Ithaca supermarket, packaged under two different names to see which one was favored by housewives.

"Chicken franks" was favored over "bird dogs," he said. One housewife told him the "chicken franks" were wonderful but that the "bird dogs" tasted terrible.

To Start NASA Job

CLEVELAND (AP) — Patrick L. Donoughe will assume his duties Monday as chief of the National Aeronautics and Space Administration's Plum Brook reactor at Sandusky.

Now You Call Cook When Ordering Meals

CHICAGO (AP) — Now you'll be able to talk directly with the cook when you order your meal in a restaurant.

E. J. Myerson of Washington, D. C., demonstrated his new Dine-A-Phone system at the National Restaurant Association's national convention.

You'll sit down at a table, pick up a telephone and dial the kitchen. You won't even see the waiter until your order is served.

Myerson expects to install a number of the new phones throughout the nation shortly. He says it will enable a restaurant to serve twice as many customers with a third less help.

Little Bit Of Home Disclosed About Pipe

BALTIMORE (AP) — Attorney Joseph I. Paper recently was given an exotic bamboo pipe by a friend, a merchant marine captain who had bought the pipe in French Somaliland.

After the captain left, Paper examined the pipe closely and discovered that it was "Made in U. S. A."

Ohio's High Court Heads For Recess

COLUMBUS, Ohio (AP) — The Ohio Supreme Court headed for its summer recess today after supporting action taken by city officials in two cases in Lake County.

The high court upheld the right of a municipality to set truck load limits on its streets lower than limits provided by state law. That case involved Fairport Harbor and the Union Sand & Supply Co. of Painesville. The supply firm challenged the city ordinance on grounds it conflicted with state laws.

The Supreme Court, however, said the law was valid both under the constitution's home-rule powers and specific authority of state law which authorizes municipalities to regulate use of their streets and prevent injury from overloaded vehicles.

In the other Lake County dispute, the court overthrew a decision by two lower courts and held that Mayor Mable P. Johnson of Eastlake was within her rights in firing Police Chief Richard H. Taylor in 1958. Taylor was found guilty of gross neglect.

The city civil service commission, to whom Taylor first appealed, affirmed the dismissal. Common pleas court ordered Taylor reinstated and the court of appeals dismissed the mayor's appeal on the ground that she was not a party to the litigation in common pleas court.

The Supreme Court, however, said the woman mayor was an aggrieved party because of the common pleas court's reinstatement of Taylor, but added:

Taylor had no right of appeal

from the civil service commission's affirmation of the original removal order, because he was appointed chief without a civil service examination and had not taken one when the city commission was formed.

Fires

(Continued from Page One)

of Forestry dispatcher at Fresno, was optimistic.

"If we get a little rain, without the winds, we should be able to control this fire in two days," he said.

Forty miles to the northwest fire fighters made progress with a blaze that began in Calaveras County Sunday and raced south into Tuolumne County, covering 25,000 acres.

Nature helped the fire battlers as winds died down, but a human menace plagued them.

An arsonist set two brush fires Wednesday near Jamestown. The blazes consumed hundreds of acres but no buildings, a forester said.

The large fire flared up Tuesday, burning the Madera County communities of Nipinnawasee and Ahwahnee. Only a few buildings were left standing.

Only known casualties were Mr. and Mrs. George Kipp, both in their 60s, who were burned to death in their car on a mountain road as they fled Ahwahnee.

Forestry officials said most of the uncounted evacuees were taken in by residents of nearby communities.

State Division of Forestry dispatcher John Gookin said the new blazes in the boulder-strewn Jamestown area were quickly contained, but predicted fire fighters will have a hard job in extinguishing them.

He said a pyromaniac has plagued the area for several years.

Ayub Khan, Kennedy Confer On Kashmir

WASHINGTON (AP) — President Ayub Khan of Pakistan meets with President Kennedy today to discuss Pakistan's sagging relations with India over the contested issue of Kashmir.

The two leaders were to discuss the Kashmir question at their second White House meeting Wednesday but concentrated instead on Pakistan's economic development problems.

Pakistan officials made no secret of their desire that the United States take a more prominent role in inducing India to meet with Pakistan at a conference table to arrange a settlement of the Kashmir dispute.

Terrorists Blast Plants

Italy, Austria Exchange Bitter Notes In Bombings

BOLZANO, Italy (AP) — The troubled South Tyrol was shaken again today by terrorist bombings of power plants as Austria and Italy exchanged bitter protest notes in the flareup of the dispute dating back to World War I.

A dozen pre-dawn blasts and crackling gunfire — apparently from army sentries guarding the power plants — echoed in the Alpine resort province where the German-speaking minority is demanding autonomy from Italian domination.

The terrorists directed their latest attacks primarily at power installations and railway lines.

Two power plants were reported damaged during the night. One was the Cardano plant, southeast of Bolzano, which supplies power as far as Piedmont on the French border.

Half a dozen electrical power pylons were damaged or knocked down and a railway tunnel for a local line was dynamited.

The raiders struck on a moonless night in drenching rain. The series of bombings appeared well coordinated.

Attacks were reported near Castelbello, Nazschaves, Ora, Termeno, Frangarto and Salorno in the Bolzano area and at Ronchi, Val Sugana, Lavaredo Torri del Benaco and Rival del Gardo in neighboring Trento.

The bombings were more of the agitation of the German-speaking Tyroleans who are being supported by Austria in their demands for the dominant voice in local government.

Austria formerly owned the South Tyrol but turned the area over to Italy after World War I.

Italy, in a sharp protest note Wednesday called Austria's attention to "its responsibility concerning . . . the recent terrorist acts in Italy."

Austria in turn complained of Rome's new restrictions on the Italian-Austrian border, where all crossers now must have visas and passports. Previously only identity papers were required.

Italy, angered by the latest flareup in dynamitings, also suspended further diplomatic negotiations with Austria on the dispute.

Proceedings of the Courts

Common Pleas

Home Savings and Loan Co. of Columbiana vs. William J. and Dorothy Eckhardt, Tampa, Fla., et al, action for \$6,096.29 claimed due on note and foreclosure of mortgage.

Nick Paradise, d.b.a. Midway Service Station, New Waterford, vs. Kenny Burt, East Liverpool R. D. 2; action for \$1,130.68 claimed due on account.

U.S. Discloses Low Level In Polio Cases

WASHINGTON (AP) — The Public Health Service reports "a remarkably low level" of polio cases in the United States so far this year. But it cautions against overoptimism.

There were 237 polio cases in the first half of the year. There were about twice as many in the first half of 1960—469—and more than four times as many in the first half of 1959—1,026.

This is the time of year a distinct increase in cases is expected. Eighteen new cases—eight of them paralytic—were reported from 11 states for the week ended July 1.

Shooting

(Continued from Page One)

car, driving through Kreamling and turning southward on a road toward Eagle County.

Sheriff Henry Knuth and his undersheriff, Clark, drove northward to intercept the fleeing man. When they attempted to stop the approaching car, the Iowa auto rammed into the officers' vehicle.

At the same time, a shot through the window struck Clark in the jaw. The gunman jumped from his car and ran into dense roadside woods.

Scattered Rain Slated In District On Friday

Showers last night and again this morning ended a comparatively long dry spell in the Tri-State area and the Ohio weatherman promised scattered rain again today and Friday.

The high today will be 76-82 and the overnight low will be 64-68. Friday's high will be in the 80's.

The Stratton Super-dam recorded an 83-degree high at 4 p. m. yesterday. The overnight low was 70 at 4 a. m. The overnight drizzle totaled only eight hundredths of an inch, but it raised the humidity to uncomfortable levels.

Pottery

(Continued from Page One)

CIO, said automation wasn't to blame for his union membership's present predicament.

"I think we can keep up with automation, but where products can be produced by labor with wages many times below that of ours, we find it impossible to compete," he asserted.

Dent observed the United States must fear retaliation from other countries in any steps it takes.

"It's like a rabbit threatening to beat up an elephant," he noted, pointing to indications by Belgium that it will take retaliatory action if the U.S. changes its tariff laws.

President Robert Hannum of Fostoria Glass Co. at Moundsville said the nation can't long maintain high wage and living standards without protection against "low wages and lower standards of living in competing foreign countries."

Nathan H. Burkett, president of Local 10, American Flint Glass Workers Union, ALF-CIO, which represents Fostoria employees at Moundsville, said 13 glass companies in the area have gone out of business in the past 10 years.

Rep. John H. Dent, D-Pa., the subcommittee chairman, and Rep. Cleveland M. Bailey, D-W. Va., conducted the hearing and returned to Washington, D. C., last night.

1 Killed, 1 Injured In 4-Vehicle Crash

PAINESVILLE, Ohio (AP) — One man was killed and another man injured in a four-vehicle smashup today at the intersection of Ohio 91 and U.S. 6 in Willoughby Hills.

Dead is Sam Scaffide, 35, of Maple Heights, who was driving a car.

Samuel Swann, 39, Cleveland, driver of a pickup truck, was admitted to West Lake Hospital in Willoughby with possible head injuries.

Police said the drivers of a jeep and a tractor-trailer were not hurt.

Columbiana Man Asks Board Post

A Columbiana man filed for the village's Board of Education today and two city women, who announced they would seek school board posts earlier, entered the race formally, the County Election Board said today.

Clifford O. Shell filed for the seat on the Columbiana exempted village board.

Entering the race for the city school board seats were Mrs. Verma R. Stone, 1514 St. Clair Ave., and Mrs. Agnes (Nessie) Smellie Dunlop, 653 Fisher Ave.

The two women are the third and four candidates to enter for the nonpartisan posts at the Nov. 7 general election.

Filing previously for the two seats to be filled this year were Postmaster Samuel W. Brown, who is now seeking a second term, and Harry D. McConville, an

agent for the Internal Revenue Service.

Taxi Kills 7 Children

NATANYA, Israel (AP) — A taxicab ploughed into a group of children running from a bus to a beach here Wednesday. Seven of the children were killed and five others seriously injured.

Rewards Set For Three In Money Theft

CHARLESTON, W.Va. (AP) — Three Kanawha Countians probably will dispute the theory that crime doesn't pay — and they'll have a pretty good argument, too.

At least, Grover T. Davis Jr. of Charleston, Mrs. Mary McIntyre of Marmet and Mrs. Hildagarde Mathews of Marmet are going to collect tidy sums apiece for their part in the solution of last year's \$351,000 Motor Vehicles Department robbery.

A three-man citizens committee has recommended that the trio receive various portions of the approximately \$35,000 reward offered by the Maryland Casualty Co. and District Manager Noah W. Payne said the company would pay off as recommended.

The committee proposed this division of the reward: \$9,600 to Davis, \$10,000 to Mrs. McIntyre and \$5,000 to Mrs. Mathews.

Mrs. Mathews, 30, is the wife of Earl H. Mathews, who is serving 1 to 10 years in the Medium Security Prison at Huttonsville for the theft.

Mrs. McIntyre is the mother of James B. McIntyre, assistant Kanawha County prosecutor. Davis, now state beer commissioner, was an investigator on the Kanawha

County VFW Conducts Rite

A memorial service for a deceased comrade was conducted by the Columbiana County Veterans of Foreign Wars Council at a meeting Wednesday night at the home of Salem Post 802.

Fr. Warren Braun, chaplain, officiated at the rites for the late William Woolley of Wellsville Post 5647.

Two members were reported ill. They are Sam Brown of Wellsville Post 9285, a Spanish-American War veteran, and Roy Foust of Salem.

Emmett Daniels of Wellsville, commander, presided. Twenty-four attended, representing seven of the nine member posts.

Melvin Boggs, chairman of the Voice of Democracy contest, reported on the program and said he is trying to arrange for more participation in the county.

It was reported Lisbon Post 4111 has started a new addition to the post home. Fr. Braun reported the Pennsylvania convention is under way at Pittsburgh and said many Ohio officers will attend a dinner tonight at the Hilton Hotel there.

The annual district picnic will be held July 23 at Lake Larue at Dover, with Dover Post 3463 as host.

The department golf tournament will be held the same day at the

Sleepy Hollow Country Club at Alliance, beginning at 9 a. m. The next meeting is Aug. 9 at Lisbon Post 4111.

2 Men, Woman Hurt In Accidents At Work

Two men and a woman hurt in separate work mishaps were treated Wednesday at City Hospital.

Mrs. Margaret Leggett of Harvey Ave., employee of the River-view Greenhouses, was treated last night for a puncture wound of the left foot received when she stepped on a nail.

Anthony Yanni, 33, of Calcutta was treated yesterday afternoon for a laceration of the left thumb received on a grinding wheel at the Patterson Foundry & Machine Co.

Luther Woodward, 31, of Richardson Ave. suffered a puncture wound of the right foot when he stepped on a nail at work.

Teacher 51 Years Explains The Issue

GASPORT, N. Y. (AP) — Miss Ida Hofert, who has been a school teacher for 51 years, says grade-school students are "molly-coddled" in the teaching of mathematics.

"We teach mathematics like it was all one big game," she says. "Then all of a sudden we drop the game and shove the children out in the cold world of problems."

WATERFORD PARK is entertaining a bumper crop of promising young apprentices at the current season, and three of the best are shown preparing for their afternoon riding chores at the beautiful mile racing oval. Left-to-right are Franklin Chandler, Tommy Ryan and Donald Cooper. All three boys "broke their maiden" in May and appear to have a long and fruitful year of apprenticeship ahead of them.

Indians Face 2nd Division For Next 12

CLEVELAND (AP)—The Cleveland Indians, 8½ games off the pace in fourth place, have their best chance in quite a while to gain some ground on the leaders. Their next 12 games—all at home—are against teams against which they have an excellent win-loss percentage.

The Minnesota Twins are in town tonight for a single make-up game. Then the Los Angeles Angels come in for a pair. Minnesota follows for a double header, and the Indians wind up the home stand with four games against the Boston Red Sox. Against the three teams combined, Cleveland has won 16 games while losing only two for a blazing .888 percentage.

The Tribe has beaten Minnesota five times without a loss. They are 5-1 against both the Angels and the Red Sox.

After the home stand, Cleveland plays Minnesota, Kansas City and Los Angeles three games each. So there is room for optimism for Cleveland loyalists.

Mudcat Grant (8-2) will try to get the Indians back on the winning path tonight. His opponent will be Pedro Ramos (5-10).

Leja's Bat Red Hot Since Being Traded To Chiefs

By The Associated Press
The Syracuse Chiefs may not be going places in the International League, but that hasn't stopped their first baseman, Frank Leja, from making his mark.

Leja, one of the bonus disappointments, is third in home run totals in the IL today with 16 home runs, but has really gone to town since being traded in May from Richmond, where he had spent most of his professional career supposedly ripening on the Yankee vine.

He hit home run No. 16 Wednesday night in the Chiefs' 5-2 victory over Toronto. Since being obtained from the Virginians, he has hit 15 homers and driven in 50 runs, tossing in a .316 average for good measure.

In other IL action, Charleston snapped Jersey City's three-game winning streak with a 5-0 victory; Columbus blanked Richmond 4-0; and Felix Torres' 18th homer carried Buffalo to a 12-inning 5-4 victory over Rochester.

The Jets' Bob Veale pitched his second two-hitter against the Virginians, as Donn Clendenon doubled home the first run and hit a two-run homer for two more. George Risely and pinch hitter Don Lock hit singles, the only Richmond hits.

Knowles Wins, 23-8

Knowles blasted Cornell's 23-8 in the Minor League Wednesday. Allen White was the winning pitcher while Don Smith, Whittington and Buchheit each collected a double and single. Paul Brown's triple was the big blast for Cornell's.

Another Art Sets New Track Record

Another Art sped to a new track record over five furlongs after being clocked in 58 seconds flat before a crowd of 3,986 Wednesday at Waterford Park.

Ridden by Francisco Saumell, Another Art broke the three-year old record of 58 1-5 held by Irish Cheer and set on June 28, 1958. The record smashing run came in yesterday's seventh and featured race. Another Art paid \$3.40, \$3.60 and \$2.80.

A 10-1 daily double combination returned some lucky patrons \$159. Moselle and Wargoma teamed up for the payoff.

City's Top Athlete To Be Honored

Police To Present Watch At Wrestling Show Aug. 5

It will be No. 13, but the winner won't be unlucky when the annual Gold Watch award is made by the local Fraternal Order of Police Aug. 5.

Instead of holding the annual Policeman's Ball which has been the custom the last 12 years, the Police Department will stage a professional wrestling show that night at Patterson Field. The Gold Watch presentation will take place during intermission of the wrestling program.

Five matches have been set, with TV stars from Pittsburgh among the main attractions. Pro-

ceeds from the show will go toward the purchase of new uniforms for the Police Department. Fifty sports enthusiasts, sports writers and sportscasters will vote on the Gold Watch award, which is presented to the person who has done the most for athletics, or has been outstanding in athletics in the city.

The winner will receive the Gold Watch, while four runners-up will be given pen and pencil sets. Bob Macakl won the award last year. He was cited for his athletic abilities as an All-Ohio football player, member of the varsity

Ex-Marine Leads Field In Canada

WINNIPEG (AP)—Tony Lema, a former U.S. Marine from California, carried a one-stroke lead into today's second round of the Canadian Open Golf Championship. He posted a sizzling 5-under par 65.

Meanwhile, some of the top names in golf, including Billy Casper, Doug Ford, Doug Sanders, Dow Finsterwald and Stan Leonard, sought to recover from over-par performances in Wednesday's rain-drenched opening round of the 72-hole tournament at Niakwa Country Club.

Lema, 27-year-old from San Leandro, Calif., fired six birdies with the help of some razor-sharp approach shots and a couple of clutch putts.

Hot on Lema's heels with 66s were rookies Bob Pratt, Houston, Tex., and Jacky Cupit, Longview, Tex., and Jon Gustin, Philadelphia. Marty Furgol and Howie Johnson, both of Lemont, Ill., were tied with Dave Hill, Denver for fifth. Each shot 67.

Bracketed at 68 were George Knudson, Toronto; Joe Tachan, Winnipeg; Bob Goalby, Crystal River, Fla.; Frank Boynton, Corpus Christi, Tex.; Mac Main, Danville, Va.; Tom Nieporte, Bronxville, N.Y.; and Jerry Steel-smith, Glendale, Calif.

50-Lap Race Set At Clinton Oval

When the Tri State Area's top Super Modified drivers meet at the Greater Pittsburgh Speedway on Friday night, for the big 50-lap Midseason Championship race, the big battle will be for the point lead between Bob Adamson of Coraopolis, Pa. and Gib Orr of Warren, Ohio.

Only 24 points separate Adamson from Orr and with a double points going in the big race, Orr could take over the point lead. Another battle will be for the fourth place spot now held by Dick

Ford To Get Added Rest

CHICAGO (AP)—Whitey Ford, who won 16 games in the first half of the season by working every fourth day, is going to get an added day of rest between starts of the New York Yankees the rest of the year.

Manager Ralph Houk announced the change today as the Yanks arrived for the opener of a 12-game road trip tonight against the Chicago White Sox.

"The All-Star appearance threw Whitey's schedule out of kilter," said Houk, "but I already had decided he should get longer rests now that the weather is getting hotter and there are more arms available."

Ford, at 32, is enjoying his finest season with a 16-2 record that tops the majors, isn't unhappy about the change, although it could keep him from a possible 30-victory season.

French Mare Entered

In \$50,000 Roosevelt

WESTBURY, N. Y. (AP) — Kracovie, a French mare entered in Saturday's \$50,000 Roosevelt Raceway, worked a quarter-mile Wednesday in 29 seconds. Her handlers were further pleased later when they drew the No. 2 post position for the mile and one-quarter race.

Merrie Duke, one of the U.S. entries, drew the No. 1 post. Su Mac Lad, the other U.S. trotter and the favorite in the morning line, drew No. 4.

Tornese of Italy will leave from the No. 3 spot. Tie Silk of Canada from No. 5 and La Charmeuse of France from No. 6.

Major League Flag Races To Continue

By ED WILKS

Associated Press Sports Writer

The major league pennant races interrupted by a wild wind in San Francisco, pick up again today with the All-Star game heroes back in the pack in the National League running and the All-Star game goats on the threshold of first place in the American.

The New York Yankees, whose sluggers, Mickey Mantle and Roger Maris, contributed just one single between them in seven trips as the NL beat the AL 5-4 in 10 innings at San Francisco Tuesday in the windswept All-Star game, play at Chicago tonight and could regain the lead from idle, first-place Detroit.

New York slipped one percentage point behind the Tigers Sunday before the majors started the three-day All-Star game break.

In the National, the Cincinnati Reds take a five-game bulge into the opener of a four-game series with the seven-place Chicago Cubs at Cincinnati. The second-place Los Angeles Dodgers, with pitcher Don Drysdale sidelined by suspension and catcher Norm Sherry sidelined by injury, start a three-game set at home against last-place Philadelphia.

Roberto Clemente of Pittsburgh drove in the winning run in the All-Star game and Willie Mays of San Francisco, who batted in the tying run and scored the clincher, go back to belting against each other as the third-place Pirates play the Giants this afternoon at Candlestick Park, San Francisco's Cave of the Winds.

The other NL game sends Milwaukee to St. Louis tonight. In the American, it's Baltimore at Boston, Minnesota at Cleveland and Kansas City at Washington.

The Yankees, 3-2 over the White Sox this season, send Bill Stafford (7-4) against Chicago and Early Wynn (7-1), the right-handed veteran who will be shooting for his 292nd career victory and sixth in a row. New York figures to have Sunday.

Lions Club To Sponsor 2nd Annual Net Tourney

The East Liverpool Lions Club will hold its second annual tennis tournament on Aug. 4, 5 and 6 at the Thompson Park courts.

Laurin Stacey and Jack Smith are co-chairmen for the event. Entries are expected from Youngstown, Salem, East Palestine, New Castle, Beaver Falls and Pittsburgh in addition to local and district talent.

Entry blanks may be obtained in East Liverpool at the Clarence Wright Barbershop on Washington St. or by writing Post Office Box 554. All Lions Club members also have entry blanks.

Last year's champs are expected back to defend their titles. Amedeo Dinardo of Sharon won the singles event, while Paul Morris of Youngstown and Maury Young of Salem teamed up for the doubles title.

A junior tournament will be staged Aug. 25, 26 and 27 for those 18 years and under.

Palmer Is Happy Over Heavy Rain

BIRKDALE, England (AP) — Arnold Palmer's prospects of capturing the golf title he covets, the British Open, improved today after hours of heavy rain drenched the parched fairways and greens of the Royal Birkdale links.

"I'm happy to see the course getting a soaking," said the favored pro from Latrobe, Pa. "It needed rain—and I'm sure playing conditions will be the better for it."

Palmer was poised at 70 after the first round of the championship, which carries a first prize of \$3,920. He was two strokes behind the three first-day leaders—defending champion Kel Nagle of Australia, Harold Henning of

South Africa and Dai Rees of Wales.

Three others were on 69, but Palmer's biggest rival for the title, Gary Player of South Africa, trailed at 73.

None of the 108 golfers competing for the title wants rain while they're actually playing, but most agree that the drenching will make the greens hold the ball better.

The reason why it suits Palmer is that he always plays right for the pin with raking irons—and the slower the greens, the more likely he is to start scattering birdies around.

The other three golfers at 69 were Dave Miller of Scotland, Norm Johnson of England and Jean Garaiade of France.

All-Star Tilt Scheduled At South Side

Plans for an All-Star game in August and a report on a recent "tag day" were made at a meeting of the South Side Athletic Club Tuesday evening at the Legion Hall near Hookstown.

Five districts reported a total of \$279 received from the "tag day."

Two Work Parties Set By EL Little League

Two work parties have been scheduled by Little League officials for Saturday. The first will be at 10 a. m. and another in the afternoon at 1 on Hilbert Field. Little League fathers are requested to help put the field in shape for the All-Star and tournament games.

"tag day" held July 1. Frankfort Springs district has not made its report.

The All-Star game will be held Aug. 4 at the Hookstown Legion Field between league champions of the 13-15 age group and an All-Star team chosen from the other four teams of the 13-15 group.

Managers of the four teams will select five players each, including a pitcher in each group.

Charles Ryland, baseball commissioner, reported that plans are being made to take boys of the 11 teams to a Pirate-Dodger game Saturday, July 29. All boys wishing to attend must be at the Legion Hall by 11 a. m. in uniforms.

Larry Weikle, Hanover Township director, resigned and Jack McCarrell was appointed to fill the balance of the two-year term. William Green, president, presided. Next meeting will be Tuesday, July 25, at 9 p. m. at the Legion Hall.

16 Golfers Vie Today In Public Links

DETROIT (AP)—Dick Sikes, a jobless ex-caddy, and 15 other assorted hopefuls today entered the third round of match play of the 36th National Public Links—the man on the street's golf tournament.

In addition to the 21-year-old Sikes, who plans to pass up the fall semester at the University of Arkansas if he can land an airplane factory job in Wichita, the field includes:

Len Pietras, 27, National Caddy champion in 1951 and now a service foreman in a Toledo, Ohio carburetor plant.

Bill Kelley, 27, of Caropolis, Pa., a Trinity (Tex.) College graduate who hopes to get a house construction job in Michigan.

Elmer Clites, 46, Antioch, Calif., a machine operator in a paper factory.

John Schlee, 22, who migrated to Memphis State from Seaside, Ore., on a golf scholarship.

Jay Law, 43, is a wood-pattern maker at Harper Woods, Mich.

Frank Campbell, 35, a Leeds, Ala., insurance man, who was runnerup in the tourney at Denver in 1959.

Roy Atkins, 46, a Portland, Ore. fireman.

Jim Hughey, 21, a Memphis railroad clerk.

Bob Lunn, a fuzz-faced 16-year-old son of a San Francisco policeman.

John Molenda, 22, student at Detroit Tech.

Bill Wright of Seattle, 25-year-old sixth-grade teacher, who became the first Negro ever to win a United States Golf Association title by taking the Public Links crown in 1959 at Denver.

Tom Tanaka, 43, a fire inspector at Hickam Air Field, Honolulu.

Mike Andonian, 35, high school math teacher at Pontiac, Mich.

Gary Peterson, 21, University of Minnesota physical education senior.

Lou Gifford, 40, Jacksonville, Fla., a Navy commander who flew jets until assigned to shore duty last year.

Georgetown Wins

Georgetown — Shippingport hung a 6-5 loss on Hanover in a South Side Hot Stove League game Wednesday. John Mackall was the winning pitcher.

Mansfield Golfer Is Medalist

63 Qualifiers Take Aim At Ohio Amateur Crown

By FRITZ HOWELL

Associated Press Sports Writer
TOLEDO, Ohio (AP) — Ohio's 55th amateur golf championship settled down to man-to-man combat today.

Defending champion Dan Carmichael of Columbus joined 63 hopefuls who qualified the last two days in match play extending through Sunday. A pair of 18-hole rounds today will whittle the field of 16 by nightfall.

Carmichael, 42, World War II Naval ace, met Vic Banish, a public linkster from Warren, in today's opening round.

Bob Seyler of Mansfield, who came from nowhere with a round of 70 Wednesday to capture medal honors with a par 144, also had a fee-course representative as his opening opponent — Don Stickney of Columbus, who gained fame

Local Golfers Fail To Qualify At Toledo

Two East Liverpool golfers failed to qualify in the Ohio Amateur Golf Tourney Wednesday at Toledo. A 158 score was needed to qualify. Dave Sixt showed a two-round total of 83-84-167 while Dr. Arthur Cloran shot a 92-83-175.

three years ago by defeating Jack Nicklaus in this same fixture. A year ago, Seyler defeated Stickney 1 up in the second round.

In Wednesday's qualifier, two-day scores of 158 were good enough to get into the match-play bracket, but 10 players tied at that figure were forced to play off for the final eight berths. Pete Freuh

of Lima and Nick Vitt of Toledo failed to make it.

Seyler was the only one of 219 entrants able to match par over the 6,719-yard Inverness course as he tacked a closing 70 to his opening 74. Seyler finished three strokes ahead of Tony Ruddy of Toledo and Chet Sealey of Gallopis, who wound up with 147s.

While Seyler was winning the medalist honors, another Mansfielder also was making history. Al Hager qualified for match play for the 16th straight time, a record, and was booked against high school champion Bobby Littler of Athens in today's opening set.

Carmichael, who had won the tournament medal honors three times, was not required to qualify but he turned in a 73-79—152 in a pair of practice rounds.

Cox-Merchants Gains 6th

Chamberlain Stops Salem On 3-Hitter For 7-0 Win

Dick Chamberlain, the consistent righthander, turned Salem back with only three hits as the Cox-Merchants nine gained a 7-0

County-City League

	W	L
Cox-Merchants	6	0
East Palestine	5	1
Salem	4	3
Columbiana	2	4
Leetonia	1	5
Negley	1	6

shutout Wednesday at Salem for its sixth straight victory in the County-City League.

Chamberlain fanned 10 Salem batters and issued only two walks in going the route.

In another County-City League

battle, East Palestine dealt Negley a 12-9 setback.

Manager John Andrason's team pounded out 14 hits to support the fine pitching of Chamberlain.

The East Liverpool entry confined its scoring to two innings, coming up with four runs in the fifth inning and three more in the sixth.

Bob Gessford, the leading hitter in the league last season, came up with a perfect night at the plate with three hits in as many trips. The centerfielder blasted a pair of doubles and a single to lead the attack.

Fredrick, Joe Ulrich and Chamberlain each had two hits with one of Fredrick's going for a triple.

Meissner was the losing pitcher

as he went the distance for Salem.

College All-Stars Begin Practice For Aug. 4 Tilt

EVANSTON, Ill. (AP) — The 1961 College All-Star football team — 56 strong — reports to Head Coach Otto Graham today to open a three-week training program.

The collegians, who wound up their school competition last fall, will oppose the champions of the National Football League, the Philadelphia Eagles in the 28th annual All-Star game Aug. 4 in Soldier Field.

Graham's assistant coaches and the players register at Northwestern University today. The squad will hold one-day practice sessions Friday and Saturday and start twice-a-day session at Dyche Stadium Monday.

This is Graham's fourth year as head coach of the All-Stars. The former Northwestern and Cleveland Brown quarterback now is head football coach at the U.S. Coast Guard Academy.

Graham's assistants are Don Doll, formerly of Southern California; Dick Stanfel, San Francisco; John Sauer, U.S. Military Academy; Mike Scarry, ex-Cleveland Browns player and former coach at Washington State; and Dante Lavelli, Cleveland Browns.

Looking for beef as well as speed and ability, coaches selected 25 players who weigh from 230 to 285.

Ends include Mike Ditka, Pittsburgh; Earl Faison, Indiana; Marlin McKeever, Southern California; and El Kimbrough, Northwestern.

Among the tackles are Joe Rugens, 245, Illinois; Ken Rice, 245, Auburn; Bill Shaw, 250, Georgia Tech; and Bob Lilly, 255, Texas Christian.

Guards include: Jack Novak, 225, Miami of Florida; Myron Poltios, 228, Notre Dame; Jim Tyrer, 265, Ohio State; and Bruce Tarbox, 235, Syracuse.

Center prospects include Frank Visted, Navy; Mike Pyle, Yale; and Greg Larson, Minnesota.

Backfield prospects include: Tom Matte, Ohio State quarterback; Joe Bellino, Navy; Bob Crespi and George Blair, Mississippi; Tom Mason, Tulane; and George Flemming, University of Washington.

Philadelphia starts drills at Hershey, Pa., Friday.

'No Chance At Downes' Pender Says After Fight

LONDON (AP) — Dethroned middleweight champion Paul Pender said today he failed to answer the bell for 10th round against Terry Downes "because I didn't have a chance."

In an interview with Boston Herald sports writer Bud Collins who made the trip here, the Brookline, Mass., boxer talked about his loss of his share of the 160-pound crown to Downes on Tuesday.

"Sure, I fought Gene Fullmer and other guys to the death when I was hurt," Pender said. "I al-

ways will if I think I have a chance. But there was no way I could beat Downes. My punches weren't doing anything. I had nothing."

"I caught cold Sunday and it took everything out of me. From the minute we started I knew I didn't have it."

Pender, who lost the portion of the middleweight crown recognized in New York, Massachusetts and Europe, retired with a cut over his left eye at the end of the ninth round in the Wembley Indoor Stadium bout.

Lopez Says Retirement From Baseball Is Near

TAMPA, Fla. (AP)—Al Lopez, veteran baseball player and manager who has spent 36 of his 52 years in the game, said Wednesday he may retire at the end of this season.

However, in an interview with Ralph Warner, Tampa Tribune sports columnist, Lopez said he didn't know what it would be like to "be out of the game."

When asked directly if he planned on retiring, he answered: "Could be."

Lopez, pilot of the Chicago White Sox, has been a manager 13 years.

The Tampa native started playing professional baseball as a 16-year-old catcher in the Florida State League. He spent 18 years as a major leaguer before becoming a manager.

In Chicago, the Sun-Times said it had contacted Lopez in Florida and quoted the White Sox manager as saying: "I don't know where he (Warner) got it."

Lopez said he told Warner he's not worrying about next year because he has a contract which runs through 1961 and "I'll finish the season before making any decisions."

Jay Is First In ERA Mark

NEW YORK (AP)—Joey Jay, largely responsible for Cincinnati's rise to the top of the National League, is the circuit's earned run leader at the season's halfway mark.

The 25-year-old right-hander, obtained from Milwaukee last winter, has allowed only 39 earned runs in 132 innings for a 2.6 average, figures compiled by The Associated Press showed today.

Hoyt Wilhelm, Baltimore's relief specialist, striving for his third ERA title, boasts the lowest mark in the American League—2.07. The veteran knuckleballer has worked 78 innings while giving up 7 earned runs. The leaders are based on 75 or more innings.

Jay has become one of the Reds' mound aces with a 12-4 won-lost record. The 6-4, 225-pounder has completed 7 of his 17 starts with 2 shutouts.

Wilhelm has won 6 games and lost 4. The 37-year-old right-hander led the National League in ERA with 2.43 in 1952 while pitching for the Giants. As a member of the Orioles in 1959, Wilhelm topped the AL with a 2.19 average.

Pitt To Play Army, Navy Elevens In '62

PITTSBURGH (AP) — Pitt will play Navy and Army the same season for the first time in Panther football history in 1962.

The Cadets and Middies are two of the ten teams the Panthers will play that season. Announced Wednesday, the schedule is:

Sept. 22—Miami of Florida; 29—at Baylor; Oct. 6—at California; 13—West Virginia; 20—U.C.L.A.; 27—Navy at Norfolk, Va.; Nov. 3—Syracuse; 10—at Notre Dame; 17—Army; 24—Penn State.

Richie Ashburn Ashburn, Chicago Club outfielder, has hit above .300 eight seasons in the National League.

Bite Can Kill Humans

West Virginia Concerned Over Migration Of Ants

CHARLESTON, W. Va. (AP) — State agricultural officials are quietly concerned over the northern migration of a breed of ant whose bite can kill small game, farm animals and even human beings.

Commissioner of Agriculture John T. Johnson identified the pest as the imported fire ant, which entered the country in the Gulf Coast area several years ago. He said it probably was contained in imports of nursery stock such as shrubbery from foreign countries.

The ant's bite can be fatal to small game and livestock, and the deaths of one or two children have been attributed to the pest in other states, Johnson recalled.

Large colonies have appeared in the northern section of North Carolina this year, but agricultural officials there have the area quarantined and believe they have the situation under control.

"That's too close for comfort," Johnson observed. But he emphasized that no fire ants have been reported in West Virginia.

"We can't afford to let them get in here," he said. "We are on the lookout for them."

He said sprays have been developed that can wipe out fire ant populations, but some wildlife groups are opposed to this form of extermination because they fear the chemical is harmful to game.

Johnson said fire ants build mounds two to three feet high in pastures and open fields. They rarely are found in cultivated land or in wooded areas.

As Johnson described them, fire ants are about the size of house ants, with a narrow middle and relatively big body. They are slightly red in color.

They have small pincers shaped similar to those of lobsters. "They do look fierce," Johnson said.

Johnson returned recently from the meeting of the Association of Southern Commissioners of Agriculture at Atlanta. The fire ant problem was discussed at length there.

One-Ton Whale Invades London, Dies In Reeds

LONDON (AP) — A one-ton whale invaded London by speeding 60 miles up the busy Thames River Wednesday but got tangled in reeds and died.

The 14-foot mammal—a rare female specimen of the lesser Portuguese whale—slipped through the heavy river traffic to get 13

miles upstream from London Bridge.

Trying to evade a motor launch as the tide ebbed, she ran aground near Kew. A group of men came to the rescue, found she was injured and hauled her back into the river.

Spouting water, the whale sped away while police in a launch waved off boats and tried to maneuver her toward the open sea. But the whale got caught in reeds and died after the police launch dragged her free.

Ohioville Democrats Plan Fund Projects

The Borough of Ohioville Democratic Club met Wednesday evening in the Township Building to discuss plans for fund-raising.

The group decided a social will follow each meeting. Plans also were discussed for future activities. Two new members were accepted.

Game and project winners were Ed Davis of East Liverpool and

John Misticone. Hostesses were Mrs. Anthony Waide, assisted by Mrs. Dan DiRenzo and Mrs. Mike Paulovich.

Joe Cataldo, chairman, presided. Next meeting will be Aug. 9.

ANSWERS YOUR PROBLEMS

Dear Readers: It was so difficult to decide which mother-in-law letter was the best that I selected two which I felt were the most deserving and I am awarding duplicate first prizes.

The gold medals have been mailed to the winners who wrote the letters which appear in today's column. I felt the writers of the letters should enjoy the thrill of presenting the medals.

The medals are fashioned in gold, the size of a half dollar, with an overlay of gold braid. On one side is engraved "The Ann Landers Medal for the World's Best Mother-in-Law." On the other side, it is engraved "to from"

My warm thanks to the thousands who wrote. And to the winners, my heartiest congratulations.

Here are the letters:

Remarkable Woman

Dear Ann Landers: My mother-in-law is a devout Roman Catholic. I am not. She never spoke to me about changing my religion, nor did she suggest ways to improve my housekeeping or my cooking or how to raise my children.

She told me what to do only

one time in my life—and that was six months after her son's death. She said, "Jennie, I don't want you to go through life alone. You should remarry."

Four years ago my father-in-law passed away. He wasn't well-to-do but he left a modest estate. My mother-in-law gave me the same share of his estate that her son and daughter received. Although my husband had been dead several years and I had remarried, she said, "You are still my daughter-in-law."

The only time she ever refused me anything was shortly after she became widowed. I asked her to move in with me. She said, "Thanks a lot but one family under a single roof is plenty."

My mother-in-law deserves the highest praise that can be bestowed upon her. Her name is Mary Slazky. She lives at 5924 S. Richmond St. in Chicago. Thank you for giving me the opportunity to tell the world about this remarkable woman. — JENNIE KAPISCHKE.

Aids Son-In-Law

Dear Ann Landers: I was married in 1954. Neither my wife nor I realized at the time that my

"social drinking" was just plain alcoholism.

For over four years my wife did her best to put up with me. Then she gave up and took the children and left. I can't say I blame her.

After that I really hit bottom. I ended up at the Kansas State Hospital in Osawatimie. I was a human wreck—no good to anybody.

The only person who stood by me during those dark days was my mother-in-law. She wrote me four and five letters a week, begging me to keep fighting. She said if I had faith in myself I could climb back up again and be a self-respecting human being.

Her letters kept me alive. I learned during those horrible weeks that if just one person believes in you, you can make it back.

As soon as I got out of the hospital I joined Alcoholics Anonymous. I've been dry for almost six months now and I am determined to stay that way. My wife and I are still separated but I'm hoping for a reconciliation.

If anyone deserves a medal it's my mother-in-law.

She's had a hard life—still works every day as a waitress and takes care of an invalid son. Her name is Loueva Cunningham and she lives in Marshall, Mo. — STEPHEN YARSULIK, Kansas City, Kn.

Beauty Shop's Owner Buys E.4th Structure

The building housing Tice's Restaurant, 126 E. 4th St., has been sold to an East End woman who plans to convert it into a beauty shop.

Mrs. Helen Robinson, owner of the Robinson Beauty Shop, 1185 Pennsylvania Ave., has acquired the property from Mrs. Sally Sue Neville, who resides in an apartment on the second floor.

Mrs. Robinson plans to remodel the section now housing the restaurant, partitioning it into two parts. One side will be utilized for her beauty shop. She will install all new equipment.

The transaction was handled by the Leo N. Capehart Real Estate Agency. Capehart said the building was constructed by the Neville family and has been in its hands since.

There are four apartments on the second floor.

Midland Youth Unit Ends Season Friday

The Midland Hi-Spot Youth Center will close the summer season Friday in a session from 8:30 to 11:30 p. m. at the Borough Building and reopen about Labor Day with its "Back to School Hop."

The center hoped to have Stan Scott of Steubenville television station WSTV as a guest for Friday's session, but he can not attend. Mrs. William Spisak, director, said. There will be new records and pizza will be served.

A center will charter a bus in August for an annual trip to the festival of bands at Kenwood Park at Pittsburgh. The center also will hold a special fund-raising event about a week before the "Back to School Hop." Plans will be announced.

Suit Suits Tailor, Industrialists, Too

ROCHESTER, N. Y. — Tailor Bob Ryan had some olive green suiting material that he liked very much. He recommended it highly, and at least five prominent industrialists had suits made from it.

They later discovered that they had identical suits, and decided to hold a party at which they would all wear them. Ryan was invited, but he had the last laugh. He showed up in one of the olive green outfits, too.

He'll Send Everything But 'Free Parking'

ROGERS, Ark. — A Rogers hotel recently advertised its free facilities in a vacation guide.

"Please send me your free catalogue and your free parking and your free magazine and your free booklet and thank you," came a letter, signed by "Hikmat Saleh Tutundji, Babel, near the mosque in Mosul, Iraq."

The hotel manager promised to send Hikmat everything free — except the free parking.

Lightning Kills Surf Fisherman

REDONDO BEACH, Calif. (AP) — "I expect lots of fishermen get killed," Robert M. Lindeburg said to a friend with whom he was surf casting during a thunderstorm.

Minutes later Lindeburg was dead, struck by lightning.

The friend, Lee J. Scott, who related the conversation later, said that he had agreed with Lindeburg and had suggested they go home. But Lindeburg decided to stay.

Scott said Lindeburg was fishing Wednesday with a steel pole and was barefooted. Scott wore rubber hip boots. As Scott started to leave the beach the bolt struck.

"All of a sudden I was knocked down and it felt as if my hair was frying, sort of sizzling," he said. "When I got up I wasn't hurt, just shaken."

How Can I?

By ANNE ASHLEY

Q. Have you any suggestions on a good window-cleaning mixture?

A. Vinegar and water make an excellent cleaner for windows, the vinegar cutting any grease accumulation. This mixture also helps to get off the dust that has been topped by a splashing rain. Use about one-third of a cup of vinegar to two quarts of water.

Q. How can I easily separate the whites and yolks of eggs?

A. Break the egg into a funnel held over a dish. The white will pass through the funnel into the dish, while the yolk will remain in the funnel unless broken.

Q. How can I make use of old felt hats?

A. Pieces of old felt hats glued to the bottoms of ash trays and vases will keep them from marking table tops.

Hancock Clinic Lists 84 X-rays For June

Eighty-four X-rays were taken during June, according to Mrs. Richard Staley, Hancock County tuberculosis nurse.

The free clinic at the New Cumberland Health Department is sponsored by the County Tuberculosis League. Funds are raised by the Christmas Seal drive.

Of the X-rays, 55 were of food-handlers. There were six contacts, two suspects and one home visit. The clinic is open from 9 a. m. to 3 p. m. Monday, Tuesday and Wednesday.

Ever use cumin seed in chili con carne? Good! These little seeds look like caraway seed but have a different flavor.

Hancock's 8 & 40
Picks Delegates
To State Meeting

Delegates and alternates to the West Virginia marche (convention) July 27 at Charleston were elected by the Hancock County 8 & 40 Society, Salon 503, at a meeting Wednesday night at the Chester American Legion Post home.

Mrs. Leah Willison and Mrs. Helen Eskra were named delegates and Mrs. George LaNeve, Mrs. Eleanor Huff and Mrs. Elsie Mercer were elected alternates.

Mrs. Mae Hupp, chapeau, conducted business. She is the retiring state secretary-treasurer and will relinquish her office during the convention.

A report was heard on the visit made to children at the Hope-mont Sanitarium in June. A coverdish picnic dinner was served. It was to have been an outdoor event at the home of Mrs. Mary Logue of Indiana Ave., but had to be moved to the Legion home because of rain.

Nineteen attended. Mrs. Margaret Keith of Huntington was a guest.

Mrs. Dortha Parsons and Mrs. Frances MacDonald will be hostesses for the Aug. 9 meeting.

Auto, Truck Damaged
In Lisbon St. Mishap

A beverage transport truck and an auto were damaged in a collision on a curve on the Lisbon St. Hill Wednesday at 4:39 p.m. police reported.

The mishap involved a 1958 model truck owned by the Crockery City Ice Co., 225 Webber Way, operated by Jack Bryan, 25, of Chester R. D. 1, and a 1953 four-door sedan driven by Worthy D. Rhodes, 65, of LaCroft, officers said. There was damage to the left rear fender of the truck and the left front fender of the auto, police said.

Bryan told police Rhodes "didn't make the bend" and hit the truck. Rhodes told the officers the rear of the truck was over the center line.

Patrol Cites Motorist
As Auto Strikes Wall

A Lisbon area motorist, whose car backed into a brick wall along Route 45 near West Point Wednesday night, is slated for a hearing today at East Palestine on a charge of driving while under the influence of alcohol.

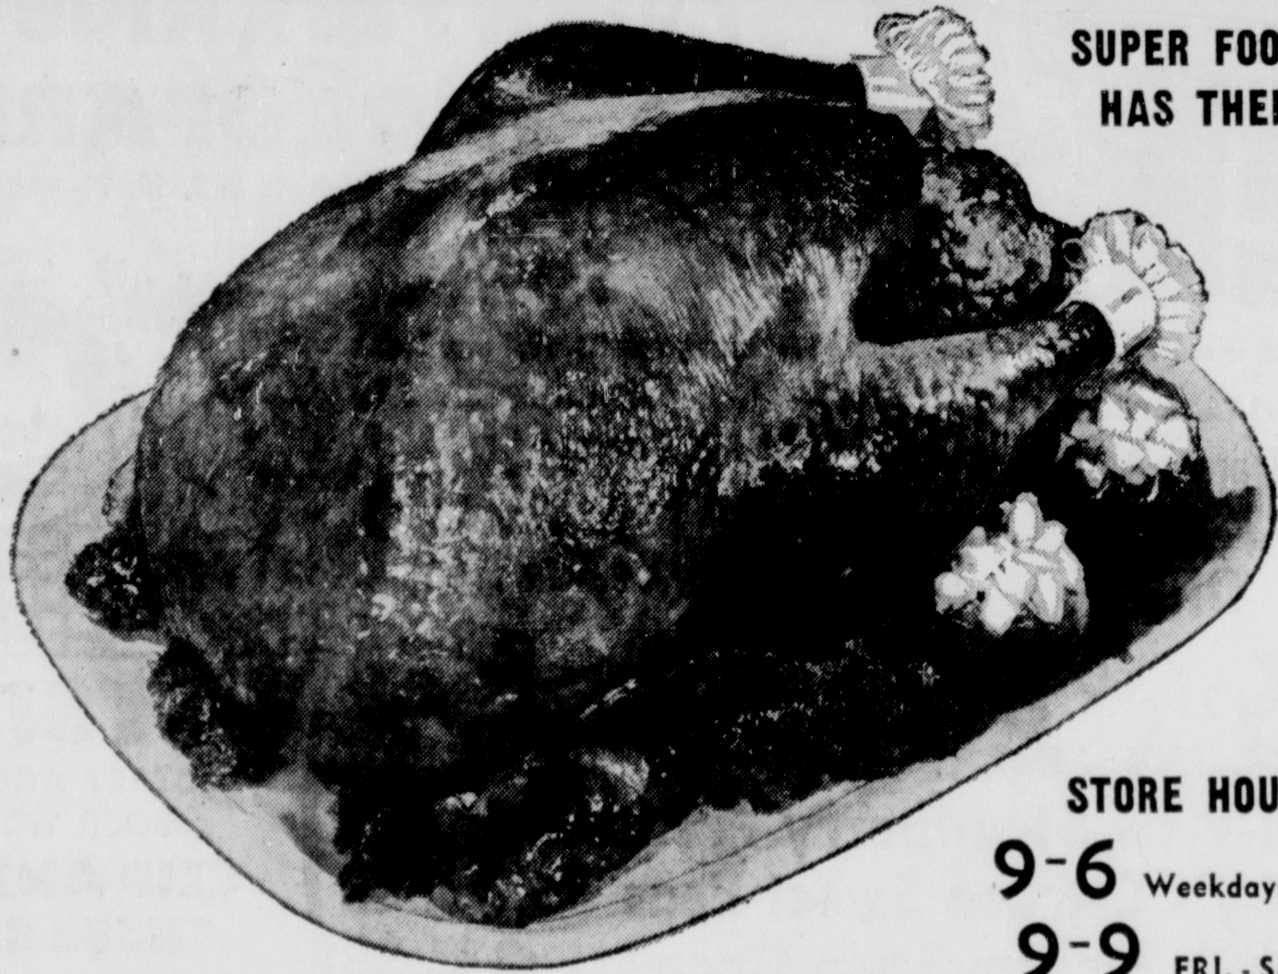

Joseph J. Kusior, 68, of Lisbon R. D. 2 was cited by the Ohio Highway Patrol at Lisbon after his 1954 car backed into the wall about a half mile south of Route 30 at 11:30 p. m.

Officers said Kusior's car went off the right side of the road and he then backed across the roadway and hit the wall. Damage to the auto was minor, the patrol said.

West Virginia Legion
To Hear Sen. Morse

CHARLESTON, W. Va. (AP)—Sen. Wayne Morse, D-Ore., will be one of the principal speakers at the 43rd annual state convention of the American Legion here July 28-30.

Other notables scheduled for addresses are: Gov. Barron; Charles L. Bacon of Kansas City, Mo., a candidate for national commander of the Legion, and James Myrl Wagonmiller of Lancaster, Ohio, incumbent national vice commander.

Keep In Trim

By IDA JEAN KAIN

Model Mother Reports Happy Success

Mere wishing cuts no calories...the trick is to vividly picture yourself shapely weight. Know for a certainty that you do tend to become like that which you habitually picture.

Ida Jean Kain

Remember the young mother who couldn't picture herself in her right size because she had been the wrong size since the 8th grade? Height 5 feet 8½ tall, she weighed 170 pounds with these measurements: bust 38, waist 31, hips 43. Despite her doctor's firm advice that she reduce, she abandoned every diet, rationalizing, "My family would rather have me fat and happy than thin and jumpy."

Your dietitian suggested that she aim for size 16-tall, with these measurements: bust 37, waist 28½, abdominal extension 35¾, hips 40; weight 150 to 152 pounds.

SECOND REPORT, received, the news is wonderful!

"For five weeks I faithfully stayed with the protective diet and, although I wasn't as faithful with my exercises, weight and measurements did go down."

"For the second five weeks I have had a normal calorie intake, maintaining my weight loss of 15 pounds. I'm so encouraged—I haven't gained. I'm starting again today and I know I can reach my goal in a month."

"I can wear a size 16 sheath without a girdle, and a size 14 with a full skirt. My present weight and measurements are: 155 pounds, bust 36½, waist 28½, hips 40½, abdomen 39. My goal: weight 145 pounds, bust 36½, waist 27½, hips 39, abdomen 36."

"Thank you for getting me started. I've developed some rules—perhaps they will help others. The most important reducing rule—write down the calorie value of everything eaten; days that I don't, I find I am up to 2,500 calories in no time. I plan my menus right after breakfast."

"The second help was to take special care with my grooming. I wear most attractive house dresses at home, a tucked-in, starched blouse and shorts when I play with the children, and even a dab of perfume and touch of eye-shadow when I'm vacuuming! I look more attractive, feel more attractive, and therefore I want to be more attractive."

"My third rule is to weigh myself daily and measure myself weekly. A loss may not show but the act of doing it reminds my subconscious that I am on a diet. The few inches I have lost have already resulted in compliments...which is reward enough. Thank you so much for your interest."

There's a blithe spirit! She is not only slimming down but she is doing it joyously. Reducing is by far easier when you decide to become more beautiful. So why not?

THE DIETITIAN'S single suggestion: The abdominal measurement is the one our model mother is having the most difficulty in slimming.

A fun exercise routine is to take turns bouncing the children on bent knees while lying on the floor...daily. Once in exercise position, follow with a routine that strongly contracts the abdominal muscles.

This will pay streamlining dividends.

Send a long, self-addressed, stamped envelope for "Away With Middle Spread." Address your request to Ida Jean Kain, in care of this newspaper. Postcard requests cannot be answered.

Fencing Wire Stolen At Little League Field

A determined and husky thief has made off with a 150-pound roll of wire and other fencing material that was awaiting installation at the Little League baseball field on Huston Hill, police were told Wednesday night by Richard Forzano, the league's commissioner.

Forzano said the material was stolen sometime between July 1 and July 6. It included a roll of woven wire fencing 42 inches high and 100 feet long; two wooden fence panels 10 feet high and 30 inches wide and another four feet high and 30 inches wide, he reported.

President's Son Has 2 Silver Rattles

WASHINGTON (AP)—The President's 7-month-old son, John F. Kennedy Jr., now owns two silver rattles which also can be used as whistles.

The versatile toys were the gifts of President Ayub Khan of Pakistan, here for a state visit. The Kennedys' daughter, Caroline, 3, received a big Pakistani doll.

For President Kennedy the state visitor brought two Pakistani rugs, and for Mrs. Kennedy a painting of a Pakistani woman.

Sues Firm, Officers

HAMILTON, Ohio (AP)—A Fairfield firm, Die & Automation, Inc., has sued Die Econation, Inc., Dayton, for \$500,000 damages and also filed \$100,000 suits against four former officers accused of diverting business to Die Econation. The former officers were identified in a suit filed in Butler County Common Pleas Court as ex-president Miles E. Thompson of Fairfield and three former vice-presidents, Harry R. Blackburn of Middletown and Jack Fowler and Tito V. De Muro, both of Fairfield.

2 Fatally Injured

CINCINNATI (AP)—Two women were killed Wednesday in separate head-on collisions that occurred less than three hours apart on Hamilton County roads. They were Mrs. Lena Davis, 59, Harrison, who was pronounced dead on arrival at Good Samaritan Hospital, and Mrs. Gertrude Burgess, 64, Cincinnati, who died three hours after being admitted to Good Samaritan Hospital.

Submits Low Bid

CHICAGO (AP)—Emmy Construction Co. of Millersport, Ohio, submitted an apparent low bid of \$110,000 on a contract to remodel the Bloomington, Ind., post office, the General Service Administration has announced.

Gets 1-20 Years

CINCINNATI (AP)—Helen McGee, 33, has been sentenced to 1-20 years in Marysville Reformatory for first-degree manslaughter in the fatal stabbing of Ernest Brooks, 49, April 22.

Bringing Up A Family

By GARRY C. MEYERS

High School Marriages Cause Debate

Of considerable concern to many parents and to principals of high schools is the growing number of marriages of students while in high school.

A mother writes from Texas: "We have two groups in our town taking sides on the question of high school marriages. One group, Dr. Garry Meyers, the school board and those that go along with them, proceed to pass a ruling to prohibit such 'offenders' from taking part in any of the privileges called extra-curricular activities. 'The married boy and girl are excluded from any and all athletics, band, clubs, office work, library work and so on. They can only participate in class room studies considered accredited and no more."

"BY THIS RULE" the authorities think they will be able to cause the violently-in-love to consider the consequences and so cause them not to get married while in high school. But they do marry and those who count on scholarships in athletics to take them through college are unable to continue to make plans to go to college.

"The other group takes the stand that such a ruling is and will prove to be more of a handicap than a help to education. They want the board to rescind their action on the rule. This group believes that the rule will encourage secret marriages and that it will bring out something worse, because youth wants you to dare them to do something."

"SURELY THERE is a modern solution to a modern problem and this sort of rule seems out of date to me. All the schools are copying this same rule because they want to think they are doing something to stop the tide of high school marriages. The rule is a farce in this way: 'We have promiscuous youths in school and they keep up their immoral behavior but no one knows just who they are, so the entire set is free and has no re-

One group, Dr. Garry Meyers

marriage. Of course, parents should assume responsibility. Perhaps the PTA and various community clubs might exert some influence.

PERHAPS MY readers have some ideas they would like to write me or the editor of this newspaper.

A more serious problem is the growing number of pregnancies out of wedlock of high school girls, and often from so-called good homes, some of whom return to school after the baby's birth with general social acceptance.

One author estimates that from one-third to one-half of all girls who marry while in high school are pregnant.

Police Find Secret Room

Woman To Face Charge For Locking Up Children

CINCINNATI (AP) — Police were expected today to file charges against Mrs. Frances Ware, 35, arrested after police found three children locked up in a secret room in her home.

Policewoman Elizabeth Pack said the children, ages 2, 4 and 6, appeared to be mentally retarded. She said they were found in a dark, smelly and sparsely furnished room behind a closet and were wearing diapers when police entered Wednesday.

She said charges of at least child neglect would be filed.

In the main part of the seven-room home in the residential Madisonville area, police found four more youngsters, all in good condition. One of them was the eight-year-old son of Prof. Edwin Alderson, head of the department of modern foreign language at Transylvania College in Lexington, Ky.

The three children taken from the secret room and Prof. Alderson's son were taken to General Hospital. Attaches there said the children from the secret room suffered from malnutrition.

The Alderson boy and the 2-year-old, a girl, were later taken to a Community Chest children's agency.

Mrs. Alderson, contacted at her Lexington home Wednesday night, said she and her husband had visited the boy often and that Mrs. Ware had taken good care of him.

Policewoman Pack said Mrs. Ware told her she loved children and had taken care of more than 100 over the years.

She said Mrs. Ware claimed she kept the three in a separate room because "if they were allowed to romp around they got the other children upset."

Two of the four children in the main part of the house were Ware's by a previous marriage. Another, Mrs. Ware said, was an illegitimate child she was caring for without charge to the parents.

Grange Signs 5 Onto Rolls, Conducts Rite

LISBON — Five new membership applications were read and approved by the Mt. Nebo Grange at a meeting Wednesday night at the Grange Hall, at which inspection in the second degree was conducted by Jack Pozenel, county deputy.

George VanFossan reported on an "Ohio Future" meeting at which he represented the Grange Tuesday at Lisbon.

James Converse of Leetonia R. D. 1 presented his safety talk which won the county 4-H contest.

About 45 attended the meeting, at which Miss Geneva Zimmerman read a poem, the Rev. A. A. Kosower related facts about the U.S. flag, Clyde Aldridge and Ernest Tullis played instrumental selections, Marsha Ferguson played a piano solo, David Ferguson presented an accordion solo, and Mrs. Ada Bloor presented a reading.

A song was sung by Mrs. Gladys Wilhelm, Dianne Wilhelm and Linda Rockwell, a play was presented by Mr. and Mrs. Arthur Rudebeck, and a stunt was staged by Arthur Rudebeck, assisted by Mr. and Mrs. VanFossan and Mr. and Mrs. Carl Bailey.

Guy Frantz gave a reading and Miss Gladys Wilhelm and Lloyd Bailey sang, accompanied by S. D. Bailey.

Lunch was served. The Grange will hold a wiener roast July 26.

Board Sets Session

LISBON — Routine business is expected at a meeting of the County Health Board Monday night at 8 at the home of Dr. Leonard S. Pritchard of Columbiana, a member, according to Dr. C. S. Palmer, health commissioner.

Work Session Slated By South Side Legion

Members of South Side American Legion Post 932 were asked at a meeting Wednesday night to work Saturday at the post home near Hookstown.

Virgil Sepler, building chairman and commander — elect, asked members to be at the post at 9:30 a. m. Plans also were discussed for a trip to see a baseball game July 28 at Pittsburgh. Legion members and any others interested may go. Buses will be chartered and those interested may contact Steve Belich, Fred Stroud or Charles Ryland.

William Cooper, commander, presided. Next meeting will be July 26.

3 State Officials Due At Tax Hearing

PARKERSBURG — A Wood County judge was to hear three state officials today on the state's petition to intervene in a court case challenging West Virginia's new income tax law.

Scheduled to appear for the state in the hearing before Judge Donald F. Black in Wood County Circuit Court were Atty. Gen. C. Donald Robertson, Asst. Atty. Gen. Andrew J. Goodwin and Frank Ellison, assistant attorney general assigned to the Tax Department.

The case is one in which a Parkersburg resident, Ned H. Tanner, has asked the circuit court to restrain his employer from withholding state income tax from his salary. Tanner also asks refund of \$14.85 already withheld.

Meeting Canceled

SALINEVILLE — A meeting of the Salineville Democrat Club, slated Tuesday, was canceled because of lack of attendance due to members on vacation. Mrs. Gordon Sweeney, president, said. The club will meet Sept. 5.

\$150,000 Libel Suit Wiped Off Court's Records

PRINCETON, W. Va. (AP) — A \$150,000 libel action against the Daily Telegraph Printing Co. in Bluefield and Managing Editor V. L. (Stubby) Currence of the Bluefield Daily Telegraph had been wiped from court records today.

The deadline for an appeal in a suit which had been brought by C. O. Ossie Perdue, also of Bluefield, passed with no action on Perdue's part. The action stemmed from alleged editorial comment about Perdue in the paper.

Several months ago, Mercer County Circuit Judge F. Morton Wagner said he would dismiss the suit. At the same time, he ruled Perdue and his attorney, George Daugherty of Princeton, in contempt of court.

The judge said the two discussed the case publicly without a court order. But he delayed entering the dismissal order to permit time for an appeal and submission of a bill of accusation.

Perdue, head of a so-called better citizens movement, was defeated for nomination to Bluefield's board of directors in the city's June 13 primary.

2 Infiltrators Killed

TEL AVIV, Israel (AP) — Two armed Arab infiltrators were killed Tuesday night in clash with an Israeli army patrol east of the Egyptian-held Gaza Strip, the Israeli army announced.

Yogi Berra of the Yankees led American League catchers in putouts eight times.

Women Pick Area's Heads

A highlight of the season's sixth session of the annual camp meeting of the Free Methodist Church of the Rochester District at the camp grounds on Anderson Blvd. Wednesday afternoon was election of new officers by the Women's Missionary Society of the district.

Elected were Mrs. Dorothy Page of East Liverpool, returned as president; Mrs. Madeline Yaussey of Wellsburg, first vice president; Mrs. Lula Grafton of East Liverpool, second vice president.

Mrs. Hazel Haire of New Brighton, recording secretary; Mrs. Mary Diddle of East Liverpool, re-elected corresponding secretary; Mrs. Fern Cowser of East Liverpool, re-elected mission study secretary; Mrs. Beatrice Martin of New Cumberland, stewardship secretary.

Mrs. Ruth Rosenbaum of Aliquippa, literature secretary; Mrs. Gertrude Baker of New Brighton, treasurer; Mrs. Dorothy Druschel of Rochester, junior superintendent; Mrs. Virginia Torrence of East Liverpool, penny and prayer-a-day promoter, and Mrs. Ellen Canon of Weirton, formerly of East Liverpool, reporter.

A feature of Wednesday night's session was a prayer meeting conducted by the young people until 2 this morning. Six hundred attended Wednesday's services.

Plane Mail Recovered

DENVER, Colo. (AP) — A postal inspector says the United Airlines jet plane which crashed Tuesday carried 235 pounds of mail and about 210 pounds were recovered.

West Virginia Lists 2 More Traffic Deaths

CHARLESTON (AP) — West Virginia's traffic fatality list was increased by at least two Wednesday with the deaths of a Raleigh County youth and a Putnam County man.

Roy Hamm Jr., about 17, of Lester, Raleigh County, was killed and two other persons were injured in a single-car accident near Maben, Wyoming County. Both the injured, Willis O'Neal, about 17, and Carol Farley, about 16, were admitted to a Beckley hospital in fair condition.

Jesse Thornton, 50, of Hurricane, Putnam County was killed and three members of his family

were injured in St. Albans Wednesday when their car rammed into the rear of a bus. Thornton was dead on arrival at a South Charleston hospital. Authorities said head injuries caused his death.

Elderly Woman 'Fair'

SALEM — Mrs. Hattie Rupert Snyder, 89, formerly of the New Waterford area, is in "fair" condition today at Salem City Hospital, recovering from malnutrition and exposure suffered while missing for three days from the Cupola Nursing Home in Leetonia. Found in a Leetonia area hayfield Monday night, she was taken to the hospital.

Widow Of 3 Sparks Drive To Regain Town's Industry

BENTON, Ky. (AP) — Hard work and folks like the widow drive went over the top at 10:52 a.m. Earl St. Marie, chairman of the Marshall County Industrial Foundation, said the contributions went from \$1 to \$500, including the widow's \$5. She was a former employee of the lawn furniture plant. St. Marie said practically all the plant's former employees still living here contributed to the drive. "We could never have done it without the radio station and the hard work of so many people. Over 250 people and groups chipped in, including the Kiwanis, Lions and Rotary."

Weather Flareup May Test Tiro III Satellite Quickly

CAPE CANAVERAL, Fla. (AP) — A weather disturbance in the Atlantic could provide a quick test for the new camera-carrying Tiro III hurricane-hunter satellite. The 285-pound satellite rocketed into orbit Wednesday to photograph and perhaps discover the cause of tropical storms. Within hours, the Miami Weather Bureau reported a disturbance southeast of Puerto Rico, 400-600 miles east of the Lesser Antilles. Above-normal shower activity, clouds and moderate winds were reported from the area. Weather officials said over-all conditions were not favorable for hurricane development, but Navy hurricane patrol planes were to make a thorough aerial investigation. A Tiro project officer said Tiro III probably would pass over the disturbance zone today and there was a possibility its two television cameras would obtain pictures of the potential storm. A Thor-Delta rocket boosted the meteorological satellite into an orbit ranging from 460.74 to 506.32 miles above the earth. It circles the globe once every 100 minutes. On its first pass, Tiro III transmitted 35 pictures showing cloud cover formation over Newfoundland, the Gulf of St. Lawrence and the St. Lawrence Valley region.

Deaths and Funerals

Death Claims Woman At 56

Mrs. Nannie Hutchinson, 56, of Main St., Irondale, wife of the Rev. Smith Hutchinson, died Wednesday at 8:30 p. m. at her home after an illness of several months.

She was born Feb. 20, 1905, at Lebanon, Ky., daughter of the late Alex Butler and Sally Buckner Butler. She lived several years in Louisville, Ky., before coming to Irondale. Her husband served as a pastor in the Irondale area at one time.

Besides her husband, she leaves a son, Ronald Hutchinson, at home; a brother, Hillary Butler of Louisville; and two sisters, Mrs. Elizabeth Sanders of Irondale and Mrs. Lula Crowders of Riley, Ky.

Services will be held Saturday at 2 p. m. at the church by the Rev. Floyd Johnson, pastor. Burial will be in Morning View Cemetery at Irondale.

Friends may call at the MacLean Funeral Home in Wellsville Friday evening.

Mrs. Cunningham

Mrs. Jennie E. Cunningham, 1330 St. Clair Ave., a retired practical nurse and widow of J. C. Cunningham, died this morning at 10:30 at City Hospital after a long illness. She was 82.

Mrs. Cunningham was born in Hookstown. She was a member of the Orchard Grove Community Methodist Church.

She is survived by a son, Floyd T. Cunningham of East Liverpool; a step-daughter, Mrs. Fred Wilton of Midland; a sister, Mrs. Erma Urista of Beaver Falls; a brother, Frank Conkle of Hookstown, eight grandchildren and a great-granddaughter.

The Dawson Funeral Home is arranging services.

Mrs. Bessie Bonar

LISBON — Mrs. Bessie Lynn Bonar, 76, of 302 E. Chestnut St., died at her home at 9 a. m. today after a week's illness.

Born Oct. 4, 1884, at Rosbys Rock, W. Va., a daughter of Robert G. and Elizabeth Leutes Dakan, she had been a resident of Lisbon since 1910. She was a member of the First Presbyterian Church, Daughters of America and the Lisbon Garden Club, which she served as president last year.

Surviving are her husband, Charles E. Bonar, at home; two brothers, George B. Dakan and Joseph E. Dakan, both of Rosbys Rock, and several nieces and nephews.

Services will be held Sunday at 1 p. m. at the Ellis-Leggett Funeral Home by the Rev. Paul T. Gerrard. Friends may call at the funeral home Saturday from 2 to 4 and 7 to 9 p. m.

The body then will be removed to the Lutes Memorial at Moundsville, where services will be held Monday. Burial will be at Riverside Cemetery in Moundsville.

Couple Remains Hospitalized For Kentucky Crash

An East Liverpool area couple remains hospitalized as an aftermath of a Kentucky traffic mishap July 7 in which they were pinned underneath their overturned truck.

Keith Shaw of Substation is in "critical" condition at Hopkins County Hospital at Madisonville, Ky., where his wife, Dorothy, is in "good" condition. Shaw suffered a punctured left lung, a broken left shoulder blade, a fractured ankle and other injuries. His wife suffered chest injuries.

They were en route to Gilbertsville, Ky., to locate a home, as the Pittsburgh company for which he works told him he would be relocated there.

The truck overturned, throwing the couple out and pinning both underneath. The truck was loaded with tires and one rolled underneath, preventing the vehicle from crushing the couple.

He is a driver for a company which supplies tires for heavy equipment.

They have six children. Three sons are staying with their parents. Mr. and Mrs. James Drake of Irish Ridge Rd. and the three girls are with their parents, Mr. and Mrs. John Shaw of 3rd Ave., LaCroft.

Report Indicates Tough To Figure Kennedy Path

By JAMES MARLOW

WASHINGTON — It's tougher to figure where President Kennedy is heading—after almost six months in office—than it was with President Eisenhower in the same length of time. Eisenhower's performance up to mid-July 1953 clearly foretold the course his whole presidency would take.

He would be cautious, conservative. He considered himself not an innovator but a pacifier and would try to avoid both experiments and explosions. And he would let his key men operate strongly. It turned out that way.

His programs were conservative, even when extending and broadening New Deal programs. He tried nothing basically new, even in foreign affairs. His military alliances, for instance, were simply built on President Truman's.

He became so popular as a pacifier of troubled conditions, even the Democrats were afraid to tangle with him and Premier Khrushchev made friendly noises until the American U2 spy plane was shot down over the Soviet Union.

Eisenhower was so cautious he never once said whether he considered the Supreme Court ban on public school segregation good or bad. And he let the strong men in his Cabinet run their shows with a minimum of interference.

Perhaps Kennedy's attitudes, unlike those of the older Eisenhower, are not as fixed at 44 as Eisenhower's were at 62. Or perhaps Kennedy, not too positive on where he's heading, will adapt himself to changing conditions.

So far, like Eisenhower, he's been generally conservative. For example, in his domestic programs, although some think his proposal on medical care for the aged goes too far.

It might be argued Kennedy has to trim his sails because he has to deal with a highly con-

Woman Gets Fine For Slap

Accused of slapping a waitress in the New York Restaurant early this morning, Mrs. Laura Hanna, 208 W. Church Ln., drew the maximum fine of \$50 but escaped a jail term because Municipal Judge Samuel M. Chertoff said he is not empowered to impose one under the present law.

"If I had the power, I would send you to jail but my authority is limited. It is one of the city laws which we want to revamp," Judge Chertoff told Mrs. Hanna after she pleaded guilty to the assault charge.

A hearing on an intoxication charge was continued until Friday morning after Mrs. Hanna entered a not guilty plea. The hearing was continued to permit the appearance of the arresting officer, Patrolman Howard W. Bosworth.

Mrs. Hanna told the court she was "burned up" at treatment she received at the restaurant when she was employed there about a year ago.

Patrolman Bosworth informed the court that Mrs. Hanna and her husband had eaten in the restaurant this morning. When they approached the cash register, Mrs. Hanna started calling the waitress "vile and vulgar" names, he said.

When the waitress didn't answer, Mrs. Hanna reached across the register and slapped her two or three times, the officer said. He witnessed the entire incident, he reported.

The unidentified waitress said she was not employed at the restaurant when Mrs. Hanna experienced her previous trouble. Mrs. Hanna admitted she was wrong for striking the other woman.

George Altman of the Cubs began the 1961 season with an average of .255 for 254 games over two seasons.

Plot Crushed In Guatemala

GUATEMALA (AP) — President Miguel Ydigoras claimed complete control of Guatemala today after crushing a new plot against his regime. But Ydigoras proclaimed a state of siege, a modified form of martial law.

A communique said the plotters were rounded up as they prepared to attack an air force base near the capital. Unofficial reports said about 100 persons were arrested. Machineguns, grenades and ammunition were seized.

Ydigoras said banners of Fidel Castro's Cuban revolutionary movement were taken from the rebels, but he conceded that the plot could have been planned by followers of former President Carlos Castillo Armas.

U.S. Satellite Blasted Into Record Orbit

POINT ARGUELLO, Calif. (AP) — A Midas satellite equipped to detect hostile missile firings was circling the earth every 2 hours and 40 minutes today in a record-breaking orbit that repeatedly takes it over the Soviet Union.

Midas III, the first in the missile-alarm series to be launched from the West Coast, carries infrared equipment which can spot rocket exhaust.

The rocket—a big Atlas booster topped by an Agena second-stage vehicle—blasted off at 8:12 a. m. Wednesday from this Navy missile base adjacent to Vandenberg Air Force Base.

Air Force officials were jubilant, since the high altitude and circular orbit will permit the spy-type vehicle to scan wider areas.

The same officials were firm, however, in refusing to issue progress reports on the satellite. All they would say was that Midas III's first pass over the Soviet Union would take place five hours after launch and that it would be in scanning range of Soviet mis-

sile bases in the Ural Mountains six hours later.

Ultimately, a network of sky scouts is expected to double the present 15-minute radar warning time of missile attack.

About 40 per cent of the entire U.S. military force is now stationed abroad, there being military personnel based in 73 foreign countries.

FORD

For Capable Service
For Customer Satisfaction

IN CHESTER

You'll Be Satisfied With These 7 Steps

1. Accurately diagnose the repairs needed on your car.

2. Secure your authorization to do the work before starting.

3. Notify you in advance of any additional work we think should be done.

4. Perform all the work on your car as efficiently as possible and replace only those parts which in our judgment need replacing.

5. Road test your car after the work is done.

6. Have your car ready on time.

7. Provide you with an itemized bill showing exactly what work was done and exactly what it cost.

Change Minds In Little Rock

‘Riders’ Return To Jail

By The Associated Press

Four “Freedom Riders” who earlier agreed to stop their tour of the South in exchange for suspended fines and jail sentences changed their minds and returned to jail at Little Rock, Ark.

One of the four, the Rev. John C. Raines, 27, of Setauket, N.Y., said Wednesday night the group discussed the matter and decided that to leave would be giving up something they believed was right.

Raines said he assumed the group would begin serving six-month sentences.

Municipal Judge Quinn Glover convicted the group on breach of peace charges Wednesday but said he would suspend their six-month terms and \$500 fines if they would go home.

The four, arrested Monday night when they stopped at Little Rock en route from St. Louis to Shreveport and New Orleans, La., at first agreed to leave but later decided to remain in jail.

Meanwhile at New Orleans Judge John Minor Wisdom of the U.S. 5th Circuit Court of Appeals granted a convicted Freedom Rider the right to take her case to his court. It was the first of the Freedom Rider cases to reach this judicial level.

Wisdom signed a certificate of probable cause allowing Elizabeth Wyckoff, 46, New York free lance writer, to appeal to the federal appeals court.

Miss Wyckoff was arrested June 2 at the Trailways bus terminal in Jackson, Miss., for breach of the peace and convicted on June 5. Jackson City Judge James Spencer sentenced her to a \$200 fine and a suspended 60-day jail term. She refused to pay the fine and went to the state prison to work it out at the rate of \$3 per day.

At Jackson, Spencer convicted see the parade and serve them sandwiches, ice cream and soft drinks.

The affair was called off in 1941 because of the war, but when the celebration resumed in 1947, the firemen again started making arrangements for the children.

When the parade was canceled last year, firemen used the money to hold a Christmas party at the home.

Rinse out the skillet in which you have fried hamburgers with a little boiling water and extra seasoning and pour over the meat.

Children’s Home Pens Thanks To Fire Department

The Wellsville volunteer fire department has received a letter of thanks from George H. Newton, superintendent of the Jefferson County Children’s Home near Cadiz, for entertaining the wards during the recent firemen’s homecoming parade.

The firemen have entertained the children from the home since 1936. They provide them with a special seating arrangement to
